Doelger Wins First Legal Round

First D. C. Reservists Called

TWO DALY CITY EMPLOYEES PUT ON UNIFORMS

Draft Notices To Call 56 North County Men

Called up for active service in the Marines this week were two Daly City men, both city employees. They are: Joseph E. Intaschi, 33, 303 Miriam, city mechanic; David Hansen, 26, 57 Garwood drive, police officer.

Intaschi returned to active duty Monday with the Twelfth Amphibian Tractor Battalion. Hansen says he will return to uniform in the Twelfth Infantry Battalion sometime within the next 10 days.

To date no men have been named to replace the two veterans while they are in the service.

Intaschi has been employed by the city for the past 2 1/2 years, and during the last war saw five years of active service as a warrant officer with the Marines both in Iceland and the Pacific. He is married but has no children.

During the last war Hansen served four years as a sergeant in the famed Third Marine Division. He has been a police officer for one and one-half years, is married, and has a 1 1/2-year-old daughter.

Both men are long-time residents of Daly City, and attended grammar and high school here.

Also called up with various Marine units this week were:

Ernest Reibera, 595 Twenty-sixth avenue, San Francisco. As a first lieutenant in the Marines, Reibera served in the Pacific during the last war. He has been teaching U. S. history at Jefferson high school for the past 1 1/2 years. He also was track coach for the school.

Bob Holtzer, Bayshore, a junior at Jefferson high school who (Continued on Page 2)

HOW IT LOOKS FROM A CORNER

By BILL KATZ

How To Stop Hoarding . . . Why not place a large picture of a dead American soldier in prominent places throughout all our stores? This might act as a realistic check to hoarding. We'd also suggest putting the same picture next to the cash register where grocers ring up fabulous sums for housewives who fear they may be without pepper, sugar and other such commodities.

On the other hand, we wonder if even this would stop anxious buyers from purchasing everything in sight.

Nothing has been made public yet, but we got wind this week that at long last Daly City is waking up to the fact that we are a potential target in some enemy's bombight.

High time, we think, that civilian defense (of a moderate nature, (Continued on Page 2)

AMERICAN ARTILLERY GOES INTO ACTION IN KOREA—This photograph of 155-mm. howitzers firing on Northern Korean invaders on the firing line in Southern Korea was transmitted by radio-photo on July 10. The picture is remarkable in that it is remembered that the photograph was made amid battle smoke and unfavorable weather conditions.

TRIO ADMIT COLONIAL THEFT; AWAIT SENTENCE

Three SF Men Plead Guilty To Burglary

Awaiting sentence for the robbery of The Colonial, Colma restaurant, today are three San Francisco men who pled guilty to the charge Monday.

Sentence will be imposed for second degree burglary by Superior Court Judge Edmund Scott on August 7.

The men are Stephen Kelly, 28, Sam C. Houston, 26, and Walter S. Hahn, 21.

The robbery-burglary occurred July 10, when the sheriff's office reported the men tied up the restaurant's janitor and stole \$300, most of which was recovered.

Although charged with both burglary and robbery, Fred Wyckoff, assistant district attorney, asked that the robbery charge be dismissed.

Vehicle Day Coming August 4

Daly City's annual Vehicle Day program will be staged Friday, August 4 at 10 a. m. at the Jefferson High school track.

All types of small vehicles from bikes to wagons may enter. The owners are asked to be on hand before 10 a. m. to take part in the parade.

Entries should have some type of decoration, and small hand drawn floats are most welcome. For instance, you can convert your wagon to a small blimp.

Awards will be given for the best entries in all classes. After the parade around the track a contest will be held and prizes awarded according to the age of the contestants as well as their various types of entries.

AMERICAN GUNFIRE HALTS NORTHERN KOREAN INVADERS—When this radio-photograph was taken the Communist-led Northern Koreans were checked in their advance against American troops hastily sent forward to meet the enemy. (U. S. Army photo by Sgt. Turnbull.)

DC Man Struck By Car; Suffers Broken Leg

Recovering from a fractured right leg today is John W. Franklin, 78, 156 Hillcrest drive.

The Daly City man was struck by a car backing out of a driveway Friday morning, police report. Driving the machine was Edwin Edwards, 164 Hillcrest drive.

Franklin was walking behind the car, on the sidewalk, at the time of the accident, police said.

Taken to Junipero Serra hospital, the injured man was treated for the fracture, and sent home.

Adult Ping-Pong Tournament Slated

Entries for the city-wide open ping pong tournament for adults close August 6, Elman Rose, recreation director, said today.

This is the first ping-pong tournament the city has ever had which was open to adults and teen agers.

The tournament gets underway August 8 at 7:30 p. m.

Anyone desiring further information should contact Rose at city hall, PLaza 5-0850. Applications may be brought to the Jefferson High school game room or sent to the Recreation department in city hall.

Chimney Fire Only Reported Week-end Blaze

Firemen had a quiet week end with only one minor chimney blaze reported Friday afternoon.

Three companies answered a call to the home of Mrs. G. Driggers, 6159 Mission, at 5:40 p. m. In a matter of minutes they had put out a small fire in the kitchen which resulted from an overheated chimney.

Blaze burners said the damage was minor.

Two DC Residents Give To SM Blood Bank

With the San Mateo Blood bank on a war-time basis, two Daly City residents recently gave blood to aid our fighting men in Korea.

They were: Dan Andersen, manager of the Serra theatre, who gave his first donation, and Bertha MacCarthy, who gave her second donation.

BOXING MATCHES SLATED FOR DC NEXT FRIDAY

Boys Club Members Take On Sea Scouts

Staging their first public event since reorganization, the Daly City Boys Club next Friday, August 4, will stage a 10 bout boxing match.

Tickets for the fights are now on sale, and may be had for a nominal sum from any Boys Club member, or "gob" from Sea Scout Ship No. 144. The sailors will be the Boys Club opponents.

Money from the "slaughter" is to be used for purchase of necessary equipment for the clubhouse.

Winners of the fights will be given free passes to the Daly City Theatre, Frank Bria, Boys Club director, said today.

The battles will get underway in the clubhouse at 8 o'clock Friday evening. "I hope every citizen of Daly City who has helped to get us back on our feet will buy a ticket to the fights," Bria said today.

Meanwhile, the enrollment of the club went over the 100 mark this week, and more boys are anxious to join.

George Lemien is one reason so many boys are interested in spending their evenings off the street. George, this week, volunteered to give all the lads a course in body building. He is loaning his own equipment and will give personal instructions, free of charge, for the next few months.

City Employees Begin 40 Hour Week August 1

All city employees will be on the 40-hour week as of August 1, the city council announced Monday.

The resolution followed the annual budget report of a month ago which indicated city employees would be granted the 40-hour week.

Previous to this resolution, city street and water workers were employed 44 hours a week, while the police department was on the 48-hour week.

All city offices will now be open at 8:30 a. m. instead of the usual 9 a. m. Also, on Saturdays the city clerk's office and the water department will remain open until noon.

Meanwhile, the Civil Service Board of Review approved a resolution this week to return the "residence" clause to city employment. That is, to take a civil service exam for a city job, the applicant must have been a resident of this community for at least one year.

This will not hold true for specialized work, the nature of which the Board will indicate.

During the recent war the "residence" clause was dropped.

Ocean Shore Railroad Put On Defensive In \$375,000 W'lake Suit

SAFeway STRIKE ENDS; STORES TO OPEN FRIDAY... BUT NOT IN DC

The Safeway strike was over in Daly City today, but there was no Safeway store to open.

Safeway's former store on "top of the hill" was released to another firm shortly after the strike was called six months ago.

However, Safeway officials indicated they planned to open another store here within the "near future." Meanwhile, they were quick to point out that the store at the intersection of San Jose and Alemany is in a position to serve the greater Daly City area.

The strike ended when the clerks, members of the AFL Retail Grocery Clerks' Union, voted 127 to 108 Sunday evening to accept an agreement reached Friday by negotiators for the company and the union.

The union said the clerks would return at the same wages they received when they walked out, plus \$2 a week health-welfare program and a severance pay feature.

Whether or not store managers should be included in the union contract is still unsettled. This was the main issue involved in the strike.

The union and the company have both agreed the courts will settle the issue.

When the clerks walked out, 36 San Francisco stores closed. Present plans call for the opening of the store near Daly City this Friday.

Search Continues For County Oil

Oil drill operations in San Mateo county were going full blast this week.

A crew of 20 men for the Texas Oil company are drilling on the leased portion of the Blomquist property, south of Memorial Park. The Texas Oil company, which has just completed a road in that area, moved in on the heels of the Jergins Oil company of Los Angeles.

Jergins ceased operations several weeks ago, but failed to report their findings. It is believed they plan to return with bigger equipment.

Meanwhile, the Continental Oil company of Los Angeles has received approval from the county planning commission to sink a test well on the leased property about a mile north of La Honda.

Council Assures That Skyline Will Be Commercial Zone

City councilmen Monday evening gave verbal assurance to property owners on Skyline that with the annexation of their land the district will be commercially zoned.

The nine acres in question is part of the 318 acres owned by Henry Doelger which, when annexed, will carry Daly City's western boundaries to the Pacific Ocean.

Property owners on Skyline filed an objection to the annexation with a view to getting the city council's opinion on zoning of the area. With the assurance of the council that when the area is zoned it will be commercial, the owners, represented by Attorney Jack Fahey, withdrew their objection.

Presently the Silver Saddle and two stables, the Palomar and La Playa Stables, do business on the property just west of Skyline. It was the owners of these businesses that filed the petition.

They based their complaint on the assumption that if the area was zoned residential they would not only lose money on the value

of their property, but would be put out of business.

With the withdrawal of the complaint, the councilmen introduced an ordinance to annex the 318 acres. The ordinance will pass at the next meeting of the council, August 14.

Other business before the city council Monday evening included: 1. Calling for a parking meter survey under the direction of Orrin Wendling, city administrative officer.

The survey will determine where, and how many parking meters will be needed in the business district of Daly City. It is expected a report on this will be made within the next month, and pending no objection from merchants, Daly City will have parking meters before the end of summer.

2. Denied the claim of Frank and Gertrude Ferretti and their son, George Grennell for a total of \$37,724 damages sustained when their home was destroyed by a gas explosion May 31. The matter was turned over to City Attorney Frank Blum.

3. Denied a request by the Fay

WESTLAKE

Mrs. Marian Christians

During the past weeks we have been publishing "Westlake Whirl," a column exclusively written by a Westlake lady for Westlake residents.

Mrs. Christians is the Daly City Record correspondent in Westlake.

We publish her picture so you will become better acquainted with both her column and her face. We hope that you will not hesitate to talk to her about items of interest both to yourself and your neighbors.

This paper is published for one express purpose—to inform and entertain you as a reader. However, we need your help to bring you the news.

When you have items concerning your vacation, parties, club activities, or any other such news please contact Mrs. Christians. She may be reached by phone at PLaza 5-0946.

And remember, there is absolutely no charge for this service.

Firemen Answer Minor Grass Fire Wednesday

Firemen were called out at 1 p. m. Wednesday to quell a grass fire at the end of Gambetta street.

The blaze was of a minor nature, and soon brought under control by the hose hoisters. Damage was reported as nil.

Counterattacking with his legal "batteries," Henry Doelger this week put the Ocean Shore Railroad on the defensive in their \$375,000 suit in Westlake.

The first "gun" sounded Monday evening at the Daly City council chamber when Doelger petitioned for a new street in Westlake No. 4.

The street, part of a master plan of Westlake development, runs directly over the strip of land claimed by the Ocean Shore Railroad.

Earlier this month the Railroad named Doelger as the principal defendant in a suit to seek payment for damages to their alleged property. Although they have been out of operation for 25 years, the Railroad claims it owns a strip nearly one-third of a mile long which runs approximately from the northern end of White street northwest to the extension of Highway No. 1.

The Railroad also received an injunction against Doelger to prevent him from crossing the strip of land. This has held up operation on the construction of 2,100 homes in Westlake.

Examining the legal "battlefield," Doelger called on Daly City, as may any taxpayer, to put down a street over the controversial site. As the street was part of a long-range development of Daly City, the council could find no objection, and agreed to comply with Doelger's request.

The council approved a resolution calling for establishment of a special assessment district to finance the street. Cost of the improvement will be borne by land owners in the area. It will mean no additional expense to any other Daly City property owners.

In effect, this move blocks the Railroad's efforts to halt construction in Westlake.

When the assessment district has been established, the city will condemn the property in question for a street. After the condemnation proceedings have been completed, anyone may use the strip, as it becomes city property.

The legal ramifications to this move are many and varied, but it became clear today that Doelger would soon be able to begin work (Continued on Page 2)

Positions Open With D. C. Police

Applications are now being accepted for the position of police officer with the Daly City Police department, Orrin Wendling, city administrative officer, said today.

The application forms may be obtained from, and must be filed with the city on or before 5 p. m. Friday, August 11 at city hall, room 23, 75 Wellington avenue.

To qualify, an applicant must have lived in Daly City at least one year; be 21 to 35 inclusive; have a high school education, or the equivalent; be in good health; weigh a minimum of 160 pounds and be at least five feet nine inches tall.

The salary is based on the merit plan and is from \$270 to \$300 per month, with vacation and sick leave benefits and state retirement plan.

Time, place and date of the written examination will be announced later by mail for those candidates who meet the qualifications.

First Westlake Model Home Opens; Doelger's 11,000th

Most men consider themselves fortunate to build one home, but this week the Bay Area's most progressive builder, Henry Doelger, opened for public inspection the 11,000th home he has constructed in over one-quarter of a century.

Called, appropriately enough the "Eleventh Thousandth," the model \$13,950 ultra-modern five-room home on N. Mayfair is open throughout the week and on Sundays. It is the first model home Doelger has opened in Westlake, and embodies the charm and craftsmanship which has become associated with Doelger construction.

Unfortunately, the thousands who see the model home will not be able to purchase it . . . for less than a half-hour after it was

opened the home was bought. "It's lovely, simply lovely. I fell in love with it the minute I walked in the door," Mrs. Geoffrey Willson, the fortunate buyer, explained.

She was seated in the circular, red pullman seat in the kitchen of the model home, and was kind enough to take this reporter on a tour of her latest home. "Latest" is used advisedly, for over the past 12 years, Mrs. Willson and her husband, a former newspaper publisher, have moved in and out of 14 different homes.

"This time, I'm sure we'll stay," Mrs. Willson noted.

Rising from her seat in the kitchen she conducted us to the living room.

"Here now, take this fireplace," she indicated the combed cedar

wood which made a large, impressive border background for a brick fireplace. "Have you ever seen anything so beautiful?"

We admitted we hadn't, and at this point it seems advisable to say that Lachman Brothers are responsible for the interior decorating and furnishings of the model home.

The color scheme of the living room was carried out in light greens, brown and gold. "The colors are so restful, although I don't think much of that brown sofa," said Mrs. Willson as she thoughtfully rubbed her chin.

However, that was about the only piece of furniture the gentle-voiced, middle-aged woman didn't like. Almost everything else she had purchased with the home.

Model Home

(Continued from page 1)
dow, Mrs. Willson thanked the builder for "having sense enough" to allow for plenty of sunshine and light in the front room. The window, which was extended at an angle from the southeast corner of the room, did indeed make lights unnecessary during the daylight hours.

Before leaving the window, Mrs. Willson took time to experiment with opening and closing the modern hand-blocked drapes. There was a sign posted to "please do not touch," but Mrs. Willson shrugged. "After all, they belong to me. No harm done."

Upon the advice of a charming saleslady, Mrs. Willson learned the interior decorations were based on "modern Chinese."

Out of the spacious living room, we crossed the entrance hall to the dining room.

"Notice that large window," Mrs. Willson said, pointing to a bay window which appeared to take up most of the east side of the wall. "There's no need to worry about light in this room."

Tastefully furnished in tables and chairs of blond wood, the dining room appealed to Mrs. Willson as a fine place to entertain guests. We were in accord.

Next came the kitchen, and here Mrs. Willson was in complete command. "What more could you ask. Look at this sink, plenty of cabinet space underneath, an automatic garbage disposal unit, and lots of working space on the hard tile top around the sink."

She especially liked the feature of a blower fan directly over the stove. This sucks up all steam, smoke, and odors and leaves the kitchen cool and clean.

"And notice those metal cabinets above the sink and refrigerator," Mrs. Willson said. "They're so smooth and so easy to keep clean."

Again she commented on how well she liked the corner Pullman seat and the small kitchen table. "This is a room just large enough to be livable, but small enough to be convenient," Mrs. Willson said.

Before we left the kitchen, she brought to our attention the great number of windows and how "cheery" it made the kitchen with so much light.

"But my favorite thing is this," Mrs. Willson said, indicating what appeared to us to be a medicine cabinet next to the kitchen door. "Here you can keep a comb and brush, and with the aid of this mirror you can straighten your hair when the doorbell rings. Isn't

it wonderful?"

We nodded appreciatively (although not certain why) and entered the pass hall. This is a narrow passage which leads around the dining room and to the stairs to the two upstairs bedrooms.

Mrs. Willson noted it was handy, because when "Mr. Willson is playing cards in the dining room, I don't have to bother him to get to the kitchen." That met with our full approval.

At the end of the hall Mrs. Willson noted the thermostat control. The home is heated with a central gas furnace in the basement, and the hot air is channeled up through centrally placed vents. "You probably wouldn't notice it but the vents are so curved so as to distribute the heat evenly, and there's no chance of dirt collecting on anything placed in front of them," she said.

Up seven stairs to the elevated two bedrooms, we turned to the left into a room arranged for a den. Here again windows gave the moderately-sized room a pleasant "want to be lived in" air. "I'm going to turn this into a bedroom, but I'm going to keep those bookcases," Mrs. Willson said as she drew our attention to the low shelves which were placed just below the window.

Out in the hall again, we went into the bathroom where Mrs. Willson said: "It's the first bathroom I've been in where they have sense enough to have a hot air vent." The vent was located near the wash basin so as to warm the early riser.

Other features of the bath she enjoyed were the triplicate mirror, the low tub, the glassed-in shower, dressing table, and a picture over the tub. "That, I'm not so sure about, but my husband seems to like it," she said.

It wasn't necessary to enter the hall to get to the adjoining master bedroom. Instead, we went through an open door in the bathroom, into a large dressing room, thence to the bedroom, tastefully decorated in gold and brown.

Mrs. Willson noted the abundance of closet space, not only in the bedroom, but also in the halls and other sections of the home.

This, but for a brief look at the combination basement garage, ended the tour.

Outside, Mrs. Willson surveyed her dream home contentedly.

"That combination stucco-wood effect is very satisfying, and the whole house has a modern look I could never grow tired of enjoying. And the yard is just big enough not to cause too much work."

About one block north of the

Doelger Victory

(Continued from Page 1)

on his 2,100 homes north of the old right of way.

Gardner Johnson, lawyer for the Railroad, could not be contacted today for comment. However, it is probable that the Railroad will meet Doelger's move by:

1. Objecting to the assessment district at a public hearing to be held at some future date. In all probability the city will overrule this objection.

2. The city will then condemn the land for a street, and proceed. Meanwhile, the Railroad will be named as the defendant in a suit filed by the city, purpose of which will be to determine how much the property for the street is worth. The court will decide the worth, and the city will put up the money. This will be charged to the assessment district and held in escrow until the rightful owner of the land is determined.

Meanwhile, Doelger won a second victory in the "battle" Tuesday when Judge Edmund Scott threw out the case of Doelger's alleged violation of the superior court order restraining him from running equipment over the right of way.

In addition, Judge Scott withdrew the injunction which forbade Doelger to use a strip of the land in question adjacent to Junipero Serra boulevard.

The judge also ordered the Railroad to post a \$15,000 bond which is insurance that Doelger may collect damages from the Railroad at some future date for the trouble the suit has caused in Westlake construction.

However, the judge issued a temporary injunction pending litigation, barring Doelger from using the right of way from White street to Alameda.

The judge's decision was based on testimony that Doelger had issued orders for full compliance with the preliminary injunction, and had also started construction of another road enabling him to move equipment without crossing the former Railroad right of way.

"There is not enough evidence to show that a violation of the temporary restraining order has occurred," Judge Scott declared.

At this point, Johnson attempted to bring up the action of the Daly City council Monday night. However, Judge Scott said this had nothing to do with the contempt case, and denied Johnson's motion.

Confident today that he had the Railroad in retreat, Doelger reiterated that he would fight the case to the end, until such time it is proven that the right of way is legally his property.

model home Henry Doelger was preparing plans for another 2,100 houses, some bigger, some smaller, but all constructed to warrant much the same tribute from buyers to come.

"No, we've moved a lot. But this time we're satisfied. It's a really fine home," Mrs. Willson said.

Draft Notice

(Continued from Page 1)

played varsity football last year. Jack Wilson, 317 Winchester, a senior at Jefferson high school, and well known for his activities in various sports.

No information was available today as when the men will go into uniform, although it is expected within the next 10 days.

Meanwhile, other Daly City army, navy, and marine reservists were awaiting immediate call back into the service. Names of these men will be printed from time to time in your Daly City Record.

The San Mateo county draft board said this week that notices calling up men for pre-induction physical examinations will go out about August 1. North county men, including Daly City, will get the notices first, Mrs. Virginia Anderson, county draft board coordinator, noted.

There will be 56 men from the north county called for physicals which will be held in San Francisco August 15.

Notices will be received at least five days before date of the examinations, Mrs. Anderson said.

Turning to the recruiting offices, county recruiters reported this week that they have signed up about 20 men, 10 in the navy and 10 in the army.

The recruiting office is now on a seven-day week, operating at the San Mateo post office from 8:30 a.m. to 5 p.m.

HOW IT LOOKS FROM A CORNER

(Continued from Page 1)

for now) is organized in this community. After all, in case of a bombing of San Francisco, Daly City would be the highroad for the thousands leaving that city. Imagine the confusion, if no provisions were made ahead of time for that terrible eventuality.

This isn't meant as a war scare, but better to be ready now than to be repeating that old saying, atop the rubble of Daly City: "Alas, too little too late."

A welcome relief from the war tension can be found this week in an hilarious British movie, "This Little Little Isle." The film centers around the tragic fate of hearty islanders in the north of Scotland who have been cut off from their liquor. Their efforts to get a few bottles from the mainland affords a wonderful hour of laughs and chuckles.

But we wouldn't recommend this to the teetotalers. Fact is, after we saw the movie we became so darn thirsty we left the movie for a local bistro.

Ed Cereghino and Don Lunghi lost a heartbreaker in the All-Star game last Sunday, but from here it appears both boys will overcome that single defeat to go on to the big time leagues.

It's surprising how many top baseball players come from the bay area, and last week we asked a sports writer the reason for same. His answer was simply: "It's the weather. Around here a man can play ball almost all year. After a while they get to be pretty fair players, and some ring the National and American league bell."

Come to think of it, we've never heard of any great players from Alaska.

And speaking of sports, we see the draft and the war in general is playing havoc with most of the big time teams in everything from

NEWS OF YOUR NEIGHBORS

Eddie Allen, recent chairman of the Daly City May Day parade, is wondering today whether it was the bees or the horse that put his jaw in a sling. Seems last week Eddie, a well-known horseman, attempted to break a horse for riding. The animal was willing enough, but in riding through some underbrush Eddie and his mount ran into a bee's hive. The next second the horse charged out of the trees, the bees in hot pursuit. Somewhere along the way the horse dropped Eddie off, but on his jaw. Covered with bees, Eddie picked himself off the ground and hobbled home. A day later, unable to eat, Eddie decided to see a doctor. The doc took one look, and put Eddie's broken jaw in a sling. Oh yes, the horse and bees are doing nicely.

Maureen Maschinot, 3½-year-old daughter of Mr. and Mrs. Maschinot, 185 E. Vista, has learned today that all that glitters is not good to eat. Last Thursday morning she managed to find a box of radium enamel powder. Taken by its color, if not its taste, she swallowed some of the powder before her mother discovered the meal. Rushed to Junipero Serra hospital, Maureen was treated and sent home none the worse, and perhaps a bit wiser.

Mrs. Arthur Heyden, 231 Los Olivos, is now enjoying a vacation in the southwest. In a postcard to the Daly City Record she reported: "I wish you could see some of the beautiful canyons and mountains we have gone through during the past 10 days. I am sitting just under the Great White Throne in Zion National park typing this card, with sheer rock mountains extending up for 3,000 feet. Tomorrow, we will see the Grand Canyon."

Ret. Jack A. Hicks, age 19, has arrived at Fort Ord and will immediately begin his basic training with the famous Fourth Infantry Division. At the completion of 14 weeks training, Ret. Hicks will be permanently assigned or selected for a specialist school. Ret. Hicks attended Yuba Junior College (Marysville, California) and is the son of Mr. and Mrs. R. E. Cox, who reside at 106 Santa Cruz avenue, Daly City.

Lawrence De Fanti, local resident, has reluctantly conceded to lay down his ever-present "hammer" on the occasion of his birthday July 29. This indefatigable carpenter, after coaxing and pleading by his family will take Saturday night off from his present project, which consists of adding two rooms on to his year-old home. To celebrate the two momentous occasions — his birthday, and his cessation from labor for a few hours, the family plans a small birthday dinner to be followed by an evening at the Ice Follies.

polo to football.

That also holds true for Jefferson high school. Come next fall, the football team is going to be weaker, thanks to some of the boys joining the Marines.

But what really has everyone worried is the status of Coach Glenn South. A former radar man, he is awaiting his call any day. Let's hope it never comes.

Glow Club Holds Meeting

Members of the Glow Club met at the home of Mrs. William Lee, San Francisco, last Tuesday to discuss matters for the coming months.

Luncheon was served, and this was followed by a bridge game.

Guests attending were Mesdames: George Lake, Leo LaBelle, Kenneth Reynolds, Harry Fox, Thomas Connolly and Harry M. O'Strander.

Those on vacation who were unable to attend included: Mrs. John Redlinger, 143 Moltke, who is in Mexico; Mrs. Ralph Whiting, now in Denver; Mrs. George Young in Seattle.

The next meeting of the club will be a picnic given by Mrs. Redlinger and her husband and her parents, Mr. and Mrs. James Thomas.

The picnic will be at their beautiful summer estate in La Honda. They will be assisted by Mr. and Mrs. Thomas' grandchildren: Mr. and Mrs. William Freeman, and their baby daughter.

Camp Mattrup To Open August 8th

Plans for opening Camp Mattrup were discussed at a recent meeting called by Camp Chairman Mrs. Don Hiett.

The meeting was held in Mrs. Hiett's home, 57 Muirwood drive. It was decided to open the day camp August 8.

Those in attendance included Mesdames Murielle Pabst, Angie Thurt, Mary Larson, Frances Diltz, Dagny Galladay, Alice Detweiler, Hilda Heagney and Marie Miller.

Refreshments were served by Mrs. Hiett after the meeting.

Sportswomen Hold Mid-Summer Meet

The mid-summer meeting of the Sportswomen was a small one, due to summer vacations. The report of District Council 7 was given and an invitation by the San Francisco Sportswomen to join them in giving a pot-luck dinner to raise money for the two clubs was considered.

However, due to the small number of Sportswomen present, and the amount of work required to put on a dinner of this sort, it was thought best to decline the invitation.

A definite place and time had not yet been decided on by the San Francisco Sportswomen, but they will send the information to the Daly City Sportswomen, so that as many as care to may attend the dinner. The Daly City Sportswomen will be notified in plenty of time to make any necessary arrangements to attend the dinner, by the secretary, Laurien Fox.

The next meeting of the club will be held August 16.

Auxiliary Members Entertain Vets

Wednesday evening members of Old Glory Auxiliary No. 2044, VFW and Malinin Auxiliary of San Mateo visited the Palo Alto Veterans hospital.

The members danced with the boys of Ward 11, and then served refreshments.

Members attending included Mesdames Mary, Conti, Bonnie Ellenwood, Nellie Ferguson, Katherine Davis, Clara Poket, Shirley Walker and Evelyn Webb.

Jackie Walker and Hober Webb were kind enough to drive the ladies to and from Palo Alto.

Meanwhile, Mrs. Ethel Dorn, hospital chairman of Old Glory Auxiliary, accompanied by Mrs. Bonnie Ellenwood and Comrade Walter Dorn, attended the carnival at the hospital Saturday.

They had charge of the grab bag booths. This carnival was given for the patients at the hospital by all the organizations in the district.

Sunday, August 6, will be annual hospital day at the hospital. It is planned that all the veteran posts

BAYSHORE VISITACION VALLEY

By Bernice Hendryx JUNiper 4-6449

Our water board and our fire board had a joint meeting recently, in regard to the new six-inch line that the water board just put in on Geneva avenue, from Rio Verde to Castilla street. The water board asked that the Fire board pay \$1900 of the expense of the pipe.

According to J. Lawson, chairman of the water board, a two-inch line would have been adequate for human consumption, but the water board ran a six-inch line in there, placing three six-inch T's to receive three fire plugs at Calvery, Pueblo, and Castilla, in an effort to see that this area would have adequate fire protection.

The meeting was called to see if the fire district was prepared to pay the nineteen hundred dollars differential that was required to meet the expense of the larger pipe and fixtures.

The fire district felt that at the present time, they are not in a position to make this commitment. Mr. Lawson was advised to contact the district attorney's office. The district attorney's statement, according to Mr. Lawson, was that if the Fire district will write a letter to the county supervisors, requesting the nineteen hundred dollars, he feels that it is possible that they will go along with this, and advance the money to the fire district, to pay to the water district.

If this came about, it would, in a sense, do away with another small point of local aggravation. This particular locality has been covered by only one fire plug, just in front of the Cow Palace, and it has been a subject of controversy.

Hospital

Fred Moran, guest of the J. Throne's has gone into the hospital for another operation on his leg. Good luck, Fred. Hope you throw

the crutches away for good this time.

Laugh Department: We picked this up, and couldn't resist it. Seems as though Lonnie and Rachel Higgins, parents of seven husky offspring, belong to the Mr. and Mrs. Club. The Club recently planned a Sunday picnic at Marsh Creek. Sunday morning dawned, and all was uproar in the Higgins menage. The big ones were helping the little ones, and vice versa. LeRoy, aged eight, is the eldest, and LeRoy was right in there pitching. Finally, all was in readiness. The rest of the Club arranged to meet at the Higgins home, to start the trip in convoy. Children came from all directions, and boarded the family transport. Idling motors roared, and the procession started. Passersby on the street paused to smile. Then they stopped to laugh. Then they roared and pointed. Something was amiss. Necks craned back to see what gave. There he came, down the stretch. No breath left over to hail the departing gang. It was LeRoy. LeRoy had been overlooked, but he hadn't resigned himself to the situation. LeRoy was going to Marsh Creek one way or another, and he was going with the convoy. The convoy stopped to take LeRoy aboard, and all was well, but when you see Lonnie and Rachel with a preoccupied look, you know they have good reason. They are counting noses. That sort of transportation takes a lot of shoe leather.

New Addition

The Ralph Coils, of 252 Acacia street, have a new addition in the nest. Did I say a new addition? That's wrong. It's additions. A boy and a girl, born July 16. Ralph and Erma report that they are doing fine, and four-year-old brother is

very proud.

The Truman children on Schwerin street gave a carnival last Tuesday that was reported a howling success. Pitch games, ring games, fudge, popcorn, punch, etc. Most everything was a penny, and the neighborhood turned out with a vengeance. There is no loose change laying around anymore. Prizes and all, the kids came home broke but triumphant.

Dave Barry spent two weeks on active Reserve with the Army at Camp Stoneman. Mrs. Barry went up to Vallejo to spend the time with her mother, and she reports that Dave has his affairs in a position where he is prepared to leave if he is called. Beginning to sound pretty grim to this reporter.

We can't catch up with Reverend Widenham long enough to get the church news. At last report, he was heading for Mount Herman, to be there during the vacation week. We did get a report that church windows had been broken, but everything seems to be under control. The culprit was just a little feller, and Dad is unhappy but reasonable, so no great damage has been done.

Ford Family

The Ford family have had more than their share of heartache recently. Bert's brother passed away very suddenly in Oakdale, California. Bert's sister, returning to her home in one of the southern states, had a heart attack, and no amount of pleading could get her a plane reservation to get her home more quickly. Her condition is reported as serious, and the Ford family is standing by to lend a hand. Tough lines, coming on the heels of so much happiness over a houseful of family, visiting them last week.

Here is a note on housing. There have been a number of inquiries from service men who are bringing their families to the coast as to where they could live. If it is a Navy man, and he is stationed hereabouts, he should inquire at Treasure Island. If he is stationed at Hunters Point, he must go through their offices. These Navy Housing Projects cannot rent to

"Tunnel" Burglar Strikes Again

Another "tunnel" burglary was reported in Daly City Wednesday. The victim was Dorsey A. Beasley, 41 Guadalupe. An unidentified burglar entered his home sometime during the day and stole a .45 Colt automatic, 100 pennies, and an electric razor.

Entry was gained via a kitchen window leading off the tunnel entrance of the Beasley home. These entrances are so constructed that a burglar may work unnoticed while persons pass by the house. When Beasley returned from work he found the drawers in the various rooms emptied and clothes scattered all over the house.

Police today were investigating to see if this burglary ties in with others of a similar nature reported here over the past month.

City Building Permits Total \$115,300 This Week

Building permits issued by the city this week totalled \$115,300.

They were issued to: United Construction company for five new homes in the Concordia area, \$38,000; Thomas Callan Jr., for a five room home at \$8,000; William Lagomarsino for nine 5-room houses at a total of \$69,300 in Garden Valley.

The figures were released today by George Hopman, city building inspector.

Memorial Sermon

The Rt. Rev. Monsignor Edwin J. Kennedy will preach the memorial sermon for a military solemn high mass to open the La Honda Mission festival this Sunday at La Honda Grove. The mass will begin at 10:30 a.m. Father Kennedy is pastor of St. Raymond's church in Menlo Park. He has recently returned from a world tour.

South City Eagles Stage Talent Show For Young People

South City Aerie No. 1473 of the Fraternal Order of Eagles is staging a Talent Show open to the youngsters of San Mateo county.

The first try-out will be held on Saturday evening, July 29, at the Elm Court Recreation, Elm Court, South San Francisco, at 8 p.m.

Successive try-outs will be held at the same time and place on Saturday evenings, August 5 and August 12.

The first three winners on each of these nights will receive prizes donated by South San Francisco merchants, and on the final night of August 17 will compete for the final awards.

Any boy or girl up to 18 years may enter the contest by contacting Georg Tischbren, 524 Elm Court, South San Francisco, or by phoning JUmo 8-1185.

Eagles of Colma - Vista Grande Aerie No. 1848, Daly City, have been invited to participate as judges of the first contest. Bert Meritt, Otto Schramm and Tom Rae will act as judges. Anyone interested should contact Mr. Tischbren immediately.

Women Of Moose Meet Tonight

San Francisco Chapter 739, Women of the Moose, will meet this evening, July 27, 8:15 o'clock in the Fraternal Hall of the I.O.O.F. Building, Senior Regent Clotilde Guerrazzi presiding.

A large class will be initiated. Chapter officers will be in charge of this meeting and will present a skit as July is designated as Officers' Month.

Meanwhile, the sewing unit will hold their annual picnic for members and their children Thursday, August 3, at Muir Woods, Mill Valley, Vivian Lasko in charge.

them direct. The low cost housing projects, such as Sunnydale Project here in the valley, can be reached by calling S. F. Housing, ORdway 3-5801.

Colma Is Site For New Candy Plant

A large See's Candy factory will soon go up in Colma along a street between San Pedro avenue and First street.

This was revealed Monday when the San Mateo County planning commission approved a rezoning of Colma property for the site.

The property is owned by Maria and Girolamo Bertucci, according to Frank Skillman, county planning director.

Whether or not the site will be approved by the new Colma Planning Commission could not be learned today. John Price, Colma's mayor, could not be contacted for comment.

DC Garden Club Considers Begonias

Begonias will be the chief topic of discussion at the regular meeting of the Daly City Garden Club Tuesday evening.

The meeting is to be held at the home of Mr. and Mrs. Irwin Kramer, 231 Acton street, beginning at 8 p.m.

Weather permitting, the group will meet in the Kramer garden. It is this garden, famous for its begonias, that has attracted both local and national attention.

Kramer, who is the former president of the Begonia Society, will show many interesting slides on his favorite flower.

Lutheran Church Announces Sunday Sermon Topic

"The Most Uncontrollable Member" is the sermon theme for next Sunday at Lutheran Church of Broadmoor (services conducted at 11 a.m. at present in the Community Recreation Center, Broadmoor Village).

The pastor is following a series on the Ten Commandments, and this Sunday the commandment "Thou shalt not bear false witness against thy neighbor," will provoke discussion on the ever-present sins of the tongue — including gossiping, defaming our neighbor's good name, false testimony,

and the like.

The public is invited to attend this eighth service of the present series. The Lord's Supper will be administered next Sunday. Communicants desiring to partake of the Sacrament should announce their intention to the pastor by phone or directly prior to the service.

Marin county is named for an Indian chieftain called by early Spaniards, El Marinero, or the sailor.

Fleet Reserve Auxiliary Holds Meeting; Plan Many Events For Coming Months

Dropping anchor at the home of Mrs. Harry O'Strander, 2131 Santiago street, San Francisco, members of the Ladies Auxiliary Fleet Reserve Association No. 48, met last Thursday afternoon.

The distaff side saluted discussed many a topic for coming "voyages" of the Association. This was followed by refreshments of a nautical nature served up by Mrs. Kathryn Jeffreys, marshal of the unit, assisted by hostesses.

On deck for the meeting were the following officers, Mesdames: Virginia Bell, president; Gladys Hold, vice-president; Carolyn Miller, junior vice-president; Ruth Bishop, secretary; Mary Derdzinski, Marge Cowart, Len Hanson and Mrs. Ruth North, board of directors.

Mrs. O'Strander is chaplain for the unit.

The next luncheon is to be held by Mrs. Marge Cowart and Mrs. Gladys Hold at 1736 Louvain drive, at the home of Mrs. Cowart. The next board meeting is to be held Friday, July 28, at the home of Mrs. Dorothy Shea, 1263 Forty-fourth avenue, San Francisco, beginning at 1 p.m.

Meanwhile, last Tuesday, July 18, a party was given by L.A.F.R. Unit 48 at Fort Miley hospital. Chairman for the affair was Mrs. Carolyn Miller, assisted by Mrs. Virginia Bell, Gladys Hold, Ruth Bishop and Len Hanson.

And while the members at home are planning various events, some of the ladies of the Auxiliary and their husbands are visiting ports of call in this country. They include: Mr. and Mrs. Ralph Whiting who are motoring to Colorado.

Mr. and Mrs. R. Cooper are in Texas.

Mr. and Mrs. William Shea are in Eureka.

ALFRED F. TADDEUCCI
Attorney at Law
625 Market Street
San Francisco, California
(Pub. July 27; Aug. 3, 10, 17, 24, 1950.)

Mr. and Mrs. J. Holt recently returned from Los Angeles.

Mr. and Mrs. Claude Miller will leave shortly for Honolulu.

Mr. and Mrs. Harry Fox are in Yosemite.

Mr. and Mrs. John Redlinger are in Mexico.

Mrs. Kathryn Jeffreys flew to San Diego on business, while Mrs. Mary Ehlinger is in Los Altos.

YOUR DALY CITY GARDEN CLUB NEWS

By ELSIE M. GARRISON

(Ed Note: While Mrs. Garrison is on vacation her column has been taken over by S. W. Mollette.)

This article is continued from last week.

Now we have the lawn planted, and the grass is up to three or four inches. If damping off, or brown patches appear, give the lawn a treatment with demosan—one level teaspoon to a gallon of water.

Don't become impatient to mow the grass, but when it is up to four inches use a sharp mower adjusted to cut no closer than 1½ inches. This leaves enough of the grass so it can breathe and absorb sunshine. Mow in opposite directions, first north and south, then east and west.

The first cutting take off with a grass rake. The second leave on the lawn for mulch. You will find this gives your lawn a nice even cut.

An edger can be used to trim the grass next to sidewalks and curbs.

During the summer mow weekly. The lawn should be damp at all times. A good soaking in the morning is worth more than many frequent swishes, and be sure to give the corner and edges ample water. Use a sprinkler with a fine spray.

Sloping lawns may be adequately watered by using a soaker—a sleeve of porous canvas. This lets the water seep through the canvas and soak into the lawn.

When it comes to tending the lawn, I prefer commercial fertilizer which doesn't contain weed seed. Frequent applications are preferred to one good dose which may burn your lawn and will not last. Frequent applications insure rich, even, green growth.

Use an even distributor to spread the fertilizer. Manufacturers will tell you the proper amount to use. Water lightly before fertilizing, and heavily afterwards.

The use of lawn rollers is one on which experts disagree. I say if one is used, once over lightly is

water penetrate to the roots. Use a spiker to accomplish this.

The renovation of old lawns presents another problem. If the lawn still contains grass it can be whipped into shape with a good cutting and raking vigorously, followed by watering and a workout

with a spiker tool. Add a good dose of fertilizer, reseed barren spots and give the lawn a good top dressing of peat moss and the lawn will be like new.

Lawns which have a tendency to dry out quickly can be remedied by an annual application of peat moss worked into the grass with a garden rake.

Lawns planted in an acid soil should be treated by a very light application of lime. Be careful not to use too much, or this will burn your lawn.

The damp summers have a tendency to make a natural bedding

place for lawn moths and beetle which cause considerable damage to growth of any turf. The best measure of control is the application of arsenate of lead at the rate of 15 pounds per 1,000 square feet. Add ten times the volume of sand or soil, and spread evenly over a dry lawn. Water is the next step, using a fine spray.

This may be applied at any time of year. Neither lime nor fertilizer should be applied with the arsenate of lead.

Do not use this on new lawns. The lead is a poison, so keep children and pets off the grass until it has been watered.

Weed control may be easily obtained by using various patented chemicals which are effective when used as the manufacturers instruct. It is important to select a mixture which is most effective for the particular type of weed to be killed.

Good bye, good luck, and may all your grass grow green.

VILLAGE NOTES

by
Mrs. Mark Swoverland
PLaza 5-4153

Here we are with plenty of news to brighten your day. (We sure could stand a little brightening with the sad weather we have been having.)

Garden Village has been quite active, so let us tell all.

Mr. George Irvine, or Lt. Col. in the army reserve, returned home July 23 from two weeks of active duty at Fort Lewis, Washington. During his absence, Mrs. Irvine and children, Ann, Bill, Carol and Dorothy, spent some time with her mother in East Oakland.

Mr. and Mrs. William Klaisner had week-end guests, Mr. and Mrs. Truman Hand of Modesto, California. Mrs. Klaisner's mother, Mrs. Bertha E. Gray, made the trip with them, and is remaining for a week's visit.

Susan Damon spent the past week with her cousin in Woodland. **Joan Malewicz** is enjoying a tour of Europe, visiting points of interest such as Liverpool, Genoa, Paris, Florence and Rome. On completion of her visit she will fly to Ireland. Joan will land in New York August 5. After a few weeks' visit with relatives in New York state she will return home. Nice vacation.

Mrs. Frank Malewicz, who recently underwent an operation at St. Luke's hospital, returned home Sunday, July 23.

"Kathy" Macklin celebrated her ninth birthday July 20 with a delightful party, including a trip to the park and an elephant train ride to the beach. They then returned to the merry-go-round and farm area, where the children discovered a two-week-old baby faun. That alone made the trip a shining event. After much fun, cake and ice cream, the children returned home. The guests were "Patty" Thiemann, Barbara and "Patty" Thiemann, Fredette Dupont, "Jeannie" Cruickshank and Bobbie Macklin.

Mr. and Mrs. Edmond Cyr and children, Janet and Jed, spent the past week vacationing at London-side in Sonoma county. Mrs. Cyr heartily recommends it for a fine place to vacation or spend a day of picnicking. There is a swimming pool, a clear creek for wading and horseback riding. Fine. Now, if one only had a vacation.

Major and Mrs. Lewis Heim have as house guests their daughter, Mrs. Gerald G. Miller, and children, Gregory and Cathleen. Word has been received that her husband, Lt. Col. Gerald G. Miller, has arrived safely in Japan. His family hopes to join him there.

Also, the Major and his wife spent last week end in Pasadena.

R. E. Slacks mother passed away July 21 in the French hospital. He and his sister, Mrs. Nellie Krider, who flew here from Florida, took her body to Florida by plane for burial.

GARDEN VILLAGE — Mr. and Mrs. Lamont Sundman entertained a houseguest, Donald Roth of Yuba City, recently. Chuckie and Barbara Jean Sundman are visiting their grandmother, Mrs. R. C. Smith of Berkeley.

Tid bits here and there in Broadmoor starting with **Bradley Drive**: Dorothy Chauncey gave a kitchen shower on July 19 for her sister who is being married next week. Fourteen guests were present.

Mr. and Mrs. James Pierce had a triple christening of their children, Gary, 4 months, Stanley, 9 years, and Padio, 13 years, on July 16 at the Lutheran church. Afterwards, the family gave a dinner for 18 guests followed by open house.

Mrs. Thomas J. Blanco gave a Stanley party July 18 at which 23 guests were present.

Mrs. Michael DeBernardi gave a Stanley party July 21 at the home of Mrs. Thomas Blanco. We hear there is another party planned for this week. Mrs. Blanco, are you going into the business?

Thornhill Way — Mr. and Mrs. Glen-Putnam had guests last week. Mr. Putnam's nephews, Jerry Johnson of Marysville and Albert French of Durham.

Mr. and Mrs. W. T. Boyd had guests, Mr. and Mrs. Josh Boyd and son Al of Seattle. My, my, if you want to go a guesting it first, go to Thornhill way.

Mr. and Mrs. Oscar Nurse had as dinner guests last week Mr. Nurse's cousin, Miss Kay Hinton of Washington, D. C., and Miss Helen Foster, who is touring the United States.

Incidentally, Miss Hinton is employed at the Pakistan embassy in Washington, D. C. Interesting people.

Stonyford — Mrs. W. T. Woodcock and Miss Alice Porter are visiting Mr. and Mrs. Charles Schober.

Louaine Drive — Mrs. Woodcock is visiting her daughter, Mrs. Danet Rizzo, and grandson John, who is celebrating his second birthday this week.

Mrs. Ray Licktenberg and daughters, Rame and Beth, returned from Russian River after a week vacation.

Mrs. Minnie Pine's children, Harry and Ruth, from Somerville, Massachusetts, are visiting Mr. and Mrs. Jack Fischer.

Mr. and Mrs. Sam Cheskey have

returned from a visit to Tacoma and Fort Lewis, Washington. They also have as houseguests, Vivian Vandenburg of Paso Robles, a former resident of Broadmoor.

Maddux Way — Cathie Proctor, celebrated her third birthday July 19 with a party. Present were Linda Hartman, Robert and Sue Cress, Sandy Russell, Cathie Hult, Pamela Barca, Renie Locke, Robert Kratina, Cass Castillo, Mary Jane Swim, Barry Wausaman, Ingrid Guisege, Marsha and Malinda Hart, Lynn and Pamela Johnson, Steven and Joel Brunning and Dickie Bernal.

Mr. and Mrs. Richard Hart gave a canasta party July 22. Guests were Mr. and Mrs. Ben Whitney, Mr. and Mrs. Rudy Feldman, Elaipe Titus and Roy Wood. Mrs. John Atherton of Indianapolis is visiting with her son, Dr. Hilton Atherton, and family.

Bryant Street — Mr. and Mrs. John Denham were the proud parents of a baby daughter, Mary Elizabeth, June 28. She weighed in at 8 pounds. Chuckie Newman celebrated his fifth birthday July 11 with a party.

Here and There — Caroline Dennis has been visiting relatives in San Mateo the past week. Take a tip from Mrs. Gino Landi... be careful in what position you are in when you sneeze. She sneezed and has been down all week with a sprained back.

Mr. Gino Landi left last week to visit his brother at Merced who is ill.

Robert and Flora Martinielli of Werner avenue gave a birthday party for their daughter Madeline, who was one year old July 7. Ten children were present.

Ray and Al Ottoboni were dinner guests at the Gino Landi's July 21.

Mr. and Mrs. Ralph Loftin and daughter Linda spent the evening of July 21 with the Jerry Hoppers. It pays to be a friend of Nancy Hopper. Her girlfriend, Bernice Wittke of San Francisco, visits her every day while they both learn to horseback ride.

The VFW canasta party was held Friday, July 14, at the home of Mrs. Gladys Holt, 114 Garden lane. Mrs. Holt is president of the Auxiliary.

A group from the women's association of the Community Presbyterian church spent the day at the San Anselmo seminary enjoying a picnic and an hour of the lovely grounds.

They were greeted by Miss Bertha Davies, who is in charge of the girls dormitory. Attending were Mesdames: Gordon Mahan, Whitehead and son, Marvin Howard and daughter, John Glasse, Holc Thompson and Lamont Sundman.

A Red Cross tea was held Wednesday, July 12, at 1:30 at the home of Mrs. Margaret Pauline Brown, Washington street.

Mrs. Charles Grigg, director of public information, spoke of the

SOCIETY

Mario Stanghellini, Delores Dillaboy Wed July 12 At Reno Ceremony

Now at home at 261 First avenue are the justwedded Mr. and Mrs. Mario Stanghellini (Delores Dillaboy).

The couple repeated vows at a ceremony July 12 in St. Thomas Cathedral in Reno, Nevada.

The bride is the daughter of Mr. and Mrs. Wayne Dillaboy, 70 Bepler street. She graduated from Jefferson High school last June.

The groom is the son of Mr. and Mrs. Pasquale Stanghellini, 151

Cards, Strawhats Needed By Vet Patients

Strawhats and playing cards are badly needed for patients at the Palo Alto Veterans Hospital, according to Mrs. Wencel Bartosch, production and supply chairman for the San Mateo County Chapter, American Red Cross.

The hats are needed for men patients who work about the grounds of the hospital. They should be clean and in good condition.

Playing cards should be full decks including the jokers if possible. Both hats and cards may be delivered to the Red Cross Chapter House at 1449 Bellevue avenue, Burlingame.

Happy Birthdays!

Harry, "the happy baker," wishes the following the best of everything on their coming birthdays:

July 29: Livia Pelluci, D street; Lillian Lowenstein, Rt. 1, Box 190, Colma.

August 1: Bart Shulda, 82 Market.

August 2: C. E. Sweeney, 3416 Twenty-sixth street.

August 3: Maureen Marconi, 1116 Nimitz drive; James Grazzani, 28 Pedro road.

OLPH Mothers Club To Hold Afternoon Whist

The first of a series of afternoon whists will be held by the Mothers Club of Our Lady of Perpetual Help School, Tuesday afternoon, August 1, at 1:30 o'clock.

The party will be held in the auditorium of the school. Chairman for the afternoon is Mrs. William Whalen, assisted by Mesdames Walter Murphy, Frank Denning and Achille Liberti.

Mrs. Leon Fellman will see that the whist party runs smoothly.

Wondering how to get your chil-

WESTLAKE WHIRL

by Marian Christians PLaza 5-0946

I am glad to be able to report that little Liane Bel, who was so badly burned two weeks ago, is improving rapidly and had been allowed to return home from the hospital.

Capt. Jerome J. Chritians, 102 Wilshire avenue, has returned from two weeks of active duty with the 91st Division at Fort Lewis. He reports it was a good "camp" and interesting to fire the new bazooka which has been effectively used against the tanks in Korea.

Mr. and Mrs. Thomas Brewer are spending a week in Reno—combining business and pleasure.

I note that another Westlake columnist states he is glad the new street signs are in, so he no longer has to give directions to visitors to Westlake.

I am afraid that doesn't apply on the eastern side of Wilshire avenue. So far we have no street signs and answer at least one inquiry regarding directions during our daily lawn watering task.

Wonder when we will get them?

While I'm wondering, I wonder when the peculiar looking arrangement of concrete and pipes on our front lawn is going to serve its real purpose, and be graced with a street light?

Mr. and Mrs. Leonard Baer of Hollywood were week-end houseguests of Mrs. Harold Farber, 108 Wilshire avenue. Harold is in Venezuela, so Betty had to show them the city on her own—or maybe it was the other way around. Anyway, they really saw San Francisco.

Wondering how to get your chil-

dren to and from town, or even yourself without benefit of car, or bus? If so, why not contact me.

I am trying to start a car pool whereby residents of Westlake can find a cheaper, faster way of getting between here and San Francisco and Daly City.

If we can schedule enough cars, the transportation problem may be settled. Why not call me this week?

This week Mrs. Paul F. Payne, 70 Wilshire, was the victim of a theft. She left her engagement ring and wedding ring on top of a cabinet in the bathroom near the entrance hall. Sometime between Thursday and Friday someone took the rings. They were valued at \$600.

Legion Pot-luck Dinner And Dance Scheduled Sat.

Wondering where to go, what to do Saturday evening?

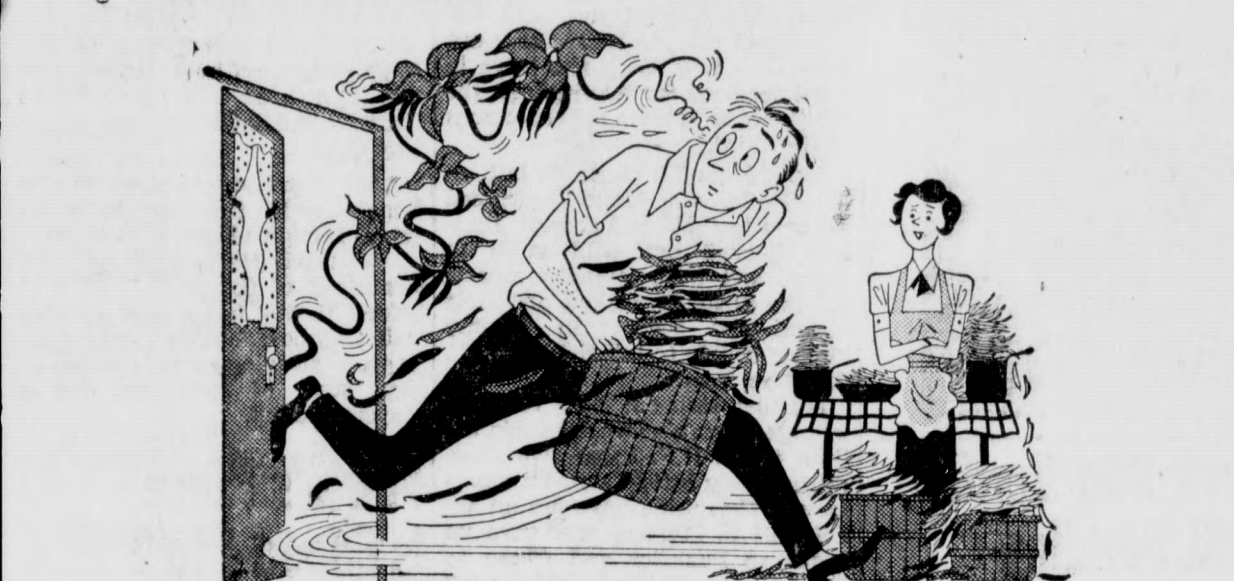

Why not take in the American Legion Post No. 824 and Auxiliary Pot-luck dinner and dance? Beginning at 7 p.m., the dinner will be served in the Legion hall, 474 San Diego avenue.

Chairmen for the evening are Mr. and Mrs. John Matzek.

Those taking part in the dinner are asked to bring their favorite dish as the "price" of admission.

The Farallon Islands, 32 miles off the Golden Gate, have been a part of the City and County of San Francisco since 1872.

"John Smith, this year we get a food freezer!"

Let's freeze 'em and store 'em in winter they're fine. Now let's see our dealer And waste no more time...

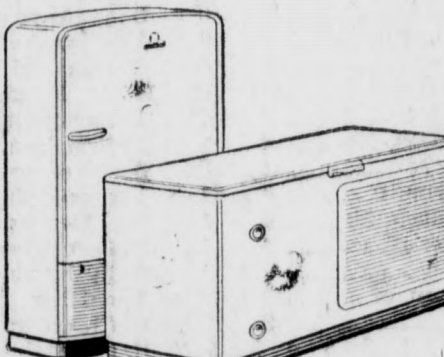

Green beans in December! Other goodies galore. With our freezer we spend less, Eat better, save more!

Electric food freezers? They come in all sizes... And work for mere pennies. The dealer advises.

Folks, Here Are Advantages of a New Electric Food Freezer: it saves you money every day in the week... up to \$112 a year. You can cook when you feel like it and eat at will. You can do up lunch boxes for a week... buy meats and vegetables at bargain prices and eat them out of season. You can cook in large quantities and freeze the leftovers. You can prepare "company" dinners days ahead, enjoy your own party!

In California an electric Food Freezer holding approximately 200 pounds of food costs only 3c a day to operate... pays for itself in no time. Talk to your dealer today.

P.G. & E.
PACIFIC GAS AND ELECTRIC COMPANY

Peace Prayers Get Results

The Reverend Robert G. Konzelman, B.D., pastor of The Lutheran Church of Our Savior, reports there was a most generous response last Sunday on the part of members and friends in bringing before the church's altar humble and sincere prayers for world peace.

He further states that he is of the firm conviction God is waiting for the united prayers of His people and asks that we here on the "home front" continue to keep our prayer sessions alive before Almighty God.

Enfrid Benson, superintendent of the Sunday school, invites all unchurched children of Daly City to attend Sunday school next Sunday morning at 9:45.

Divine services, with full Lutheran Liturgy, are held every Sunday at 11 a.m. The church is located at the corner of Garfield and Junipero Serra boulevard. Further information may be had by phoning the pastor at JU 4-8501 or JU 4-0293.

Idea of having pictures taken of various centers showing workers at work.

Present were: Elaine Mori, Dorothea Stookey, Irva Benhan, Marjorie Hopper, Kay Sibley, Margaret Pauline Brown and Josephine Barthosch, chairman of production and supply.

Pictures were taken of the group, who last spring made garments for the Navajo children. Also included in one picture was Cynthia Jean Hopper, wearing one of these garments.

Those of the group who couldn't attend were Mrs. John Fies, Mrs. Roller and Mrs. Pauline Demergasso.

What a stepper!

Just hint to the gas pedal and she steps out like no other low-priced car. And that's true whether you're driving a Ford V-8 or "Six". But this high-stepper is a low spender when it comes to costs. You can own a V-8, for example, for hundreds less than most "Sixes"—and a Ford "Six" for even less.

What a stopper!

This '50 Ford actually helps you apply the brakes. They're 35% easier-acting King-Size Brakes that use car momentum to help you stop. Like Ford's extra-rugged "Lifeguard" Body, they give you the kind of protection you'd expect only of costliest cars. And for added safety and comfort, you ride low and level in the "Mid Ship" section of the car, between the wheels—not over them. You're cradled in comfort on "Hydra-Coll" front springs and "Para-Flex" rear springs that give a road-bugging smoothness truly amazing.

What a looker!

Yes, again in '50, Ford received the Fashion Academy Gold Medal as "Fashion Car of the Year." And Fords stay good looking because their baked-on finish is "made to live outdoors." That means high resale value which, together with Ford's low running costs, puts Ford further out front as America's savingest car.

And what a saver— all the way!

Take a Test Drive today

SOFTBALL LEAGUE

Two Undefeated Teams Clash Thursday; Lou De Salvatore's Homer Sparks Win

By Milton Tromborg

Softball at its best will be seen next Thursday night, August 3, when the two top teams of Daly City recreation league meet at Jefferson Union High school at 6:30 p.m.

Undefeated in four times out, the Faculty, under the new name of Phil Lynch Sporting Goods, will meet the undefeated Daly City Hardware nine.

With only three more weeks of play left, neither team can afford to lose one game. The starting pitchers for the game have not been named yet, but Mike Orlich, who has a 2 win 0 lost record, will no doubt take the mound for Phil Lynch's club. Daly City Hardware have not named a starting pitcher but Underwood, who has chucked three straight wins, will probably take the mound next week.

Phil Lynch Nine Wins

Unable to hit the win column, the Daly City Fire Department nine again went down in defeat, this time to the top club of the league, Phil Lynch's Sporting Goods nine, 23-6.

Playing in a wet fog for 1½ hours did not keep the score low as Phil Lynch's boys went to work in the sixth inning to score 16 runs.

Phil Lynch's hot rolling boys scored four runs in the first and third frame to lead the game going into the sixth, 7-4, but came out leading 23 to 6. Before Daly City Fire boys got the side out, Phil Lynch's nine went through the line-up twice.

In the sixth inning Wilson was the batting star with a single and a triple to his credit.

Consigliar started on the mound for Phil Lynch, but was relieved by C. Lair in the fifth. Lair started off on the right foot by striking out two batters, but then found trouble in finding the plate, so gave up four straight walks in a row. Lair got out of trouble with only two runs being scored against him.

Leo Gianecchini, threw the game away, but then turned around to hit in the winning run to lead Mid City to a 12-11 win over the Daly City Eagles.

Gianecchini, who plays short-stop, hit a ball get by him in the sixth inning, thus letting two runs score. Up to this time, the score was deadlocked 9-9.

With their heads low, but their spirit high, Mid City, who as of late have become a power-hitting club, scored three runs in the last inning to take the game.

Bob Kalinini walked to first, as Cuneo was safe on a fielder's choice. With runners on second and first, De Leon singled to center to hit in two runs, and tying the ball game up.

Gianini grounded out, but then Gianecchini came back to redeem himself for the error he made on the field. He hit a 3-2 pitch into left center field for a single which scored the winning run.

In the third inning, Lou De Salvatore hit a two-run homer into right field to start a Mid City rally.

Mid City started and finished with Selmi on the mound as did Piarkowsky for the Eagles.

Lou Nannini Chunks

Behind the fine pitching chores of Lou Nannini, the Colma Fire nine dumped the Scout Dads 19 to 7 last Tuesday night.

This was Nannini's second win against two defeats. He pitched eight-hit ball with most of the runs scoring on errors.

Colma started the Fire in the second frame. Hits by Masini, Giusti, Nannini, Beraldo, Piedemonte, Garabaldi, and Ricconi scored the first seven runs. They added three in the fourth, two in the fifth, and seven more in the sixth.

The Scout Dads scored one run in the second and six in the fourth. Gensel was the losing pitcher.

Amazon A.C. Wins

Meeting defeat again, the Scout Dads fell to the Amazon A.C. by the score of 13 to 7.

The Amazon club took an early lead of 4-0 and were never headed in score. Morrow chucked the Amazon A.C. to victory, his first of the league.

Here are the batting leaders as of Tuesday, July 25:

NAME	TEAM	PCT.
1. South, Phil Lynch		.777
2. Morrow, Amazon A.C.		.666
3. Fehl, Eagles		.636
4. Knox, Scout Dads		.625
5. Ryan, Amazon A.C.		.600
6. Chase, D. C. Hardware		.571
7. Rose, Phil Lynch		.555
8. Johnson, Phil Lynch		.555
9. Martini, D. C. Fire		.555
10. Abby, Amazon A.C.		.545

Sunday Games

10 a. m. Daly City Red Sox vs. S. F. Pirates, Marchbanks Park.
2 p. m. Daly City Billiard Parlor vs. Metro Motors, Harrison field.

Chaco Canyon National Monument in New Mexico represents the outstanding single archaeological area in the United States.

Ralph's Split Two Game Series

Ralph's Cleaners split a two game series over the week end.

The first game last Friday night in the San Francisco league was a victory for the Daly City team. Final score was 6 to 3, with the Western Sea Frontier coming in last.

Marty O'Geary took Ralph's to the cleaners in the South City Monday evening by the score of 6 to 5.

Next week Ralph's has three games scheduled:

Friday, 8:30 p. m. Burlingame Washington park, opposing Lewis Automotive.

Tuesday, 7:30 p. m. San Francisco Ralph field, opposing Hersch and Price.

Thursday, 8:40 p. m. South San Francisco, opposing Hersch and Price.

Gelsi's Cavern Goes 14 Innings To Win Sunday

Fighting into the fourteenth inning Sunday, Gelsi's Cavern took a game from Regal Pale by 10 to 9.

The lads on the Regal squad just got back from the state semi-pro championship, and by all counts should have come out on top.

Gelsi's were coasting along with a 8 to 0 lead when the roof caved in, and the Regal team tied up the score 9 to 9.

Credit for victory goes to Vince Voto, who made a brilliant catch against the left-field bank and then went to drive in the winning run.

Other Gelsi boys who did a good job Sunday were: Pitcher Lucia, who besides hitting four for six, got half credit for the victory with a good relief job; Neil Pezzola hit three for six and Tommy Bournellis got three for five.

GELSIS		
Domecus	7	0 0

	47	9 12

Sarto Teams Win Two, Tie Another

One tie, two wins was the score for Sarto's and Sarto A.C. over the week end.

In the first game Friday night, Sarto's tied Mike Chioino 4 to 4. Quinones was pitching for the Daly City team, and he allowed but four hits. Heavy batter for the day was Henry Morgan who got two hits and two runs.

Sunday, Sarto's downed the San Francisco Bitters by one run, 5 to 4.

Monday evening Sarto A.C. defeated the Hornets 6 to 4 in a night game at Funston. Pitching for the home boys was Tito Sarto who allowed two hits, and Babe Ottenello, who got through the first half allowing only one hit.

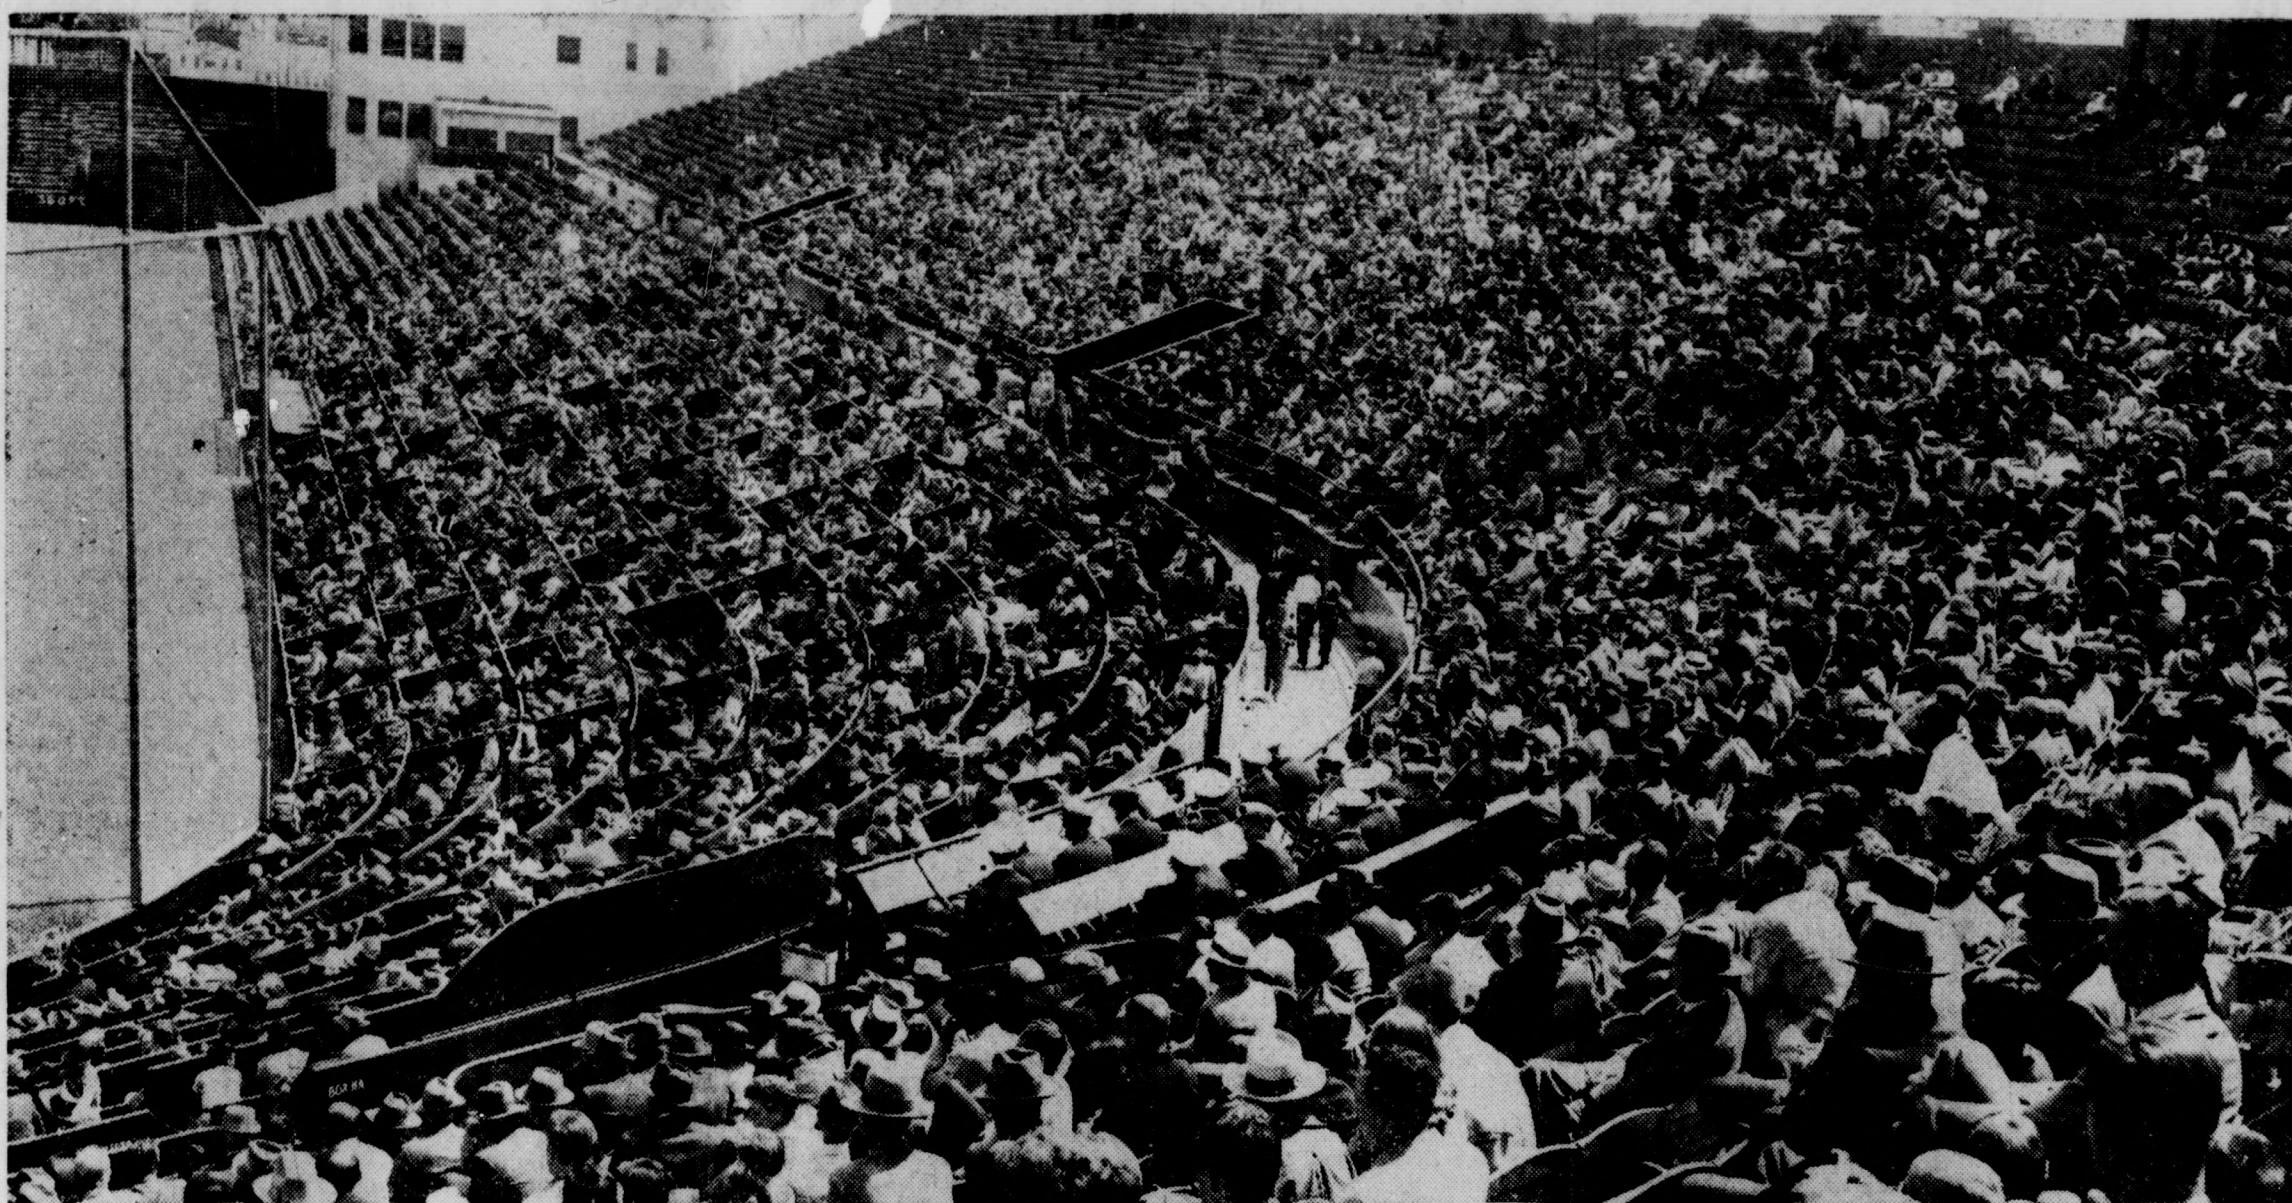

This Sunday the Sarto A.C. lads will meet the South San Francisco Windbreakers at South City at 2 p.m. Sarto's have a bye.

JEFF STARS DEFEATED IN SAN FRANCISCO ALL STAR GAME

A crowd of over 10,000 baseball fans last Sunday watched the annual Examiner Baseball school

All Star game in Seals Stadium. Above is a section of that crowd, which included many from Daly City. The Daly City section was upset, however, as Ed Cereghini and Don Lunghi were on the losing side of the score board. LEFT: One reason why the Daly City boys lost is Art McBride, here sliding into third base. McBride (San Francisco) scored the final run in his team's 5 to 3 victory over Northern California. Waiting for the ball is Third Baseman Benny Guerrero of Stockton. (Photos courtesy of S. F. Examiner.)

Coyote Point Shark Derby Set For September 17

The 1950 Shark Derby, the only annual shark fishing competition in the United States, and one of the West's most colorful sporting events, will be held on Sunday, September 17, from 8 a.m. to 3 p.m. at Coyote Point, San Mateo.

More than \$1500 in merchandise prizes will be awarded to those who bring in the heaviest sharks and the greatest number of sharks by the San Mateo Lions Club and the Coyote Point Yacht Club, co-sponsors of the derby, which is now in its fourth year.

There are no entry or registration fees. Anyone may compete by appearing at Coyote Point, which is thirteen miles south of San Francisco on the Bayshore Highway, on the day of the event and signing up with Shark Derby officials.

The purpose of the event is to encourage greater participation in wholesome outdoor recreational activities, particularly among youngsters.

Included in the day's program will be thrilling exhibitions of water-skiing, expert fly-casting, small boat racing and aviation demonstrations.

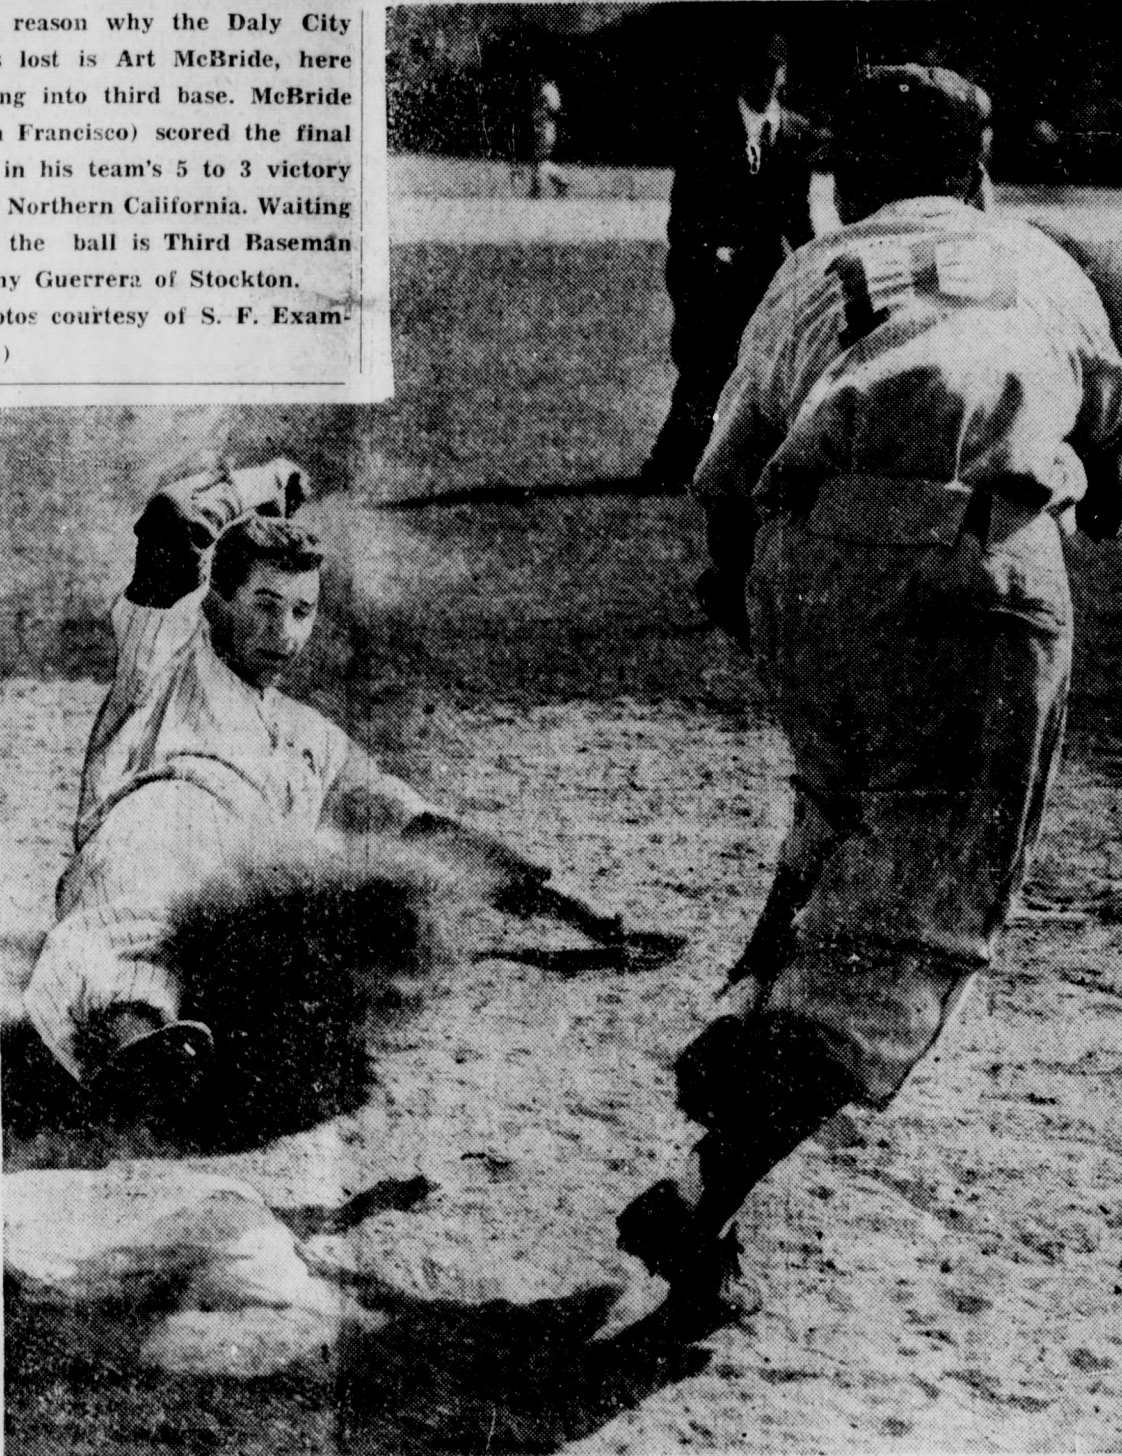

Picturesque ceremonies will climax the Shark Derby when King Neptune, attended by lovely mermaids and nymphs in daring attire, arises out of the waters of San Francisco Bay off Coyote Point and crowns the winning anglers Kingfisher, Queenfisher, Princessfisher and Princessfisher.

The Shark Derby has attracted national attention in previous years. Last year, 20,000 spectators gathered to watch 1247 fishermen, many of them under sixteen years of age, bring in 2163 sharks, weighing approximately four tons. This broke all records. In 1948, President Harry S. Truman registered as the number one entry and accepted the title of "Honorary Kingfisher."

Shark Derby officials state that sharks caught in the bay area are of the predatory and not of the man-eating variety and prey on young game and food fish.

If a fisherman catches a "Galeorhinus zyopterus," more commonly called the "soupfin" shark, he must throw it back in after showing it to State Fish and Game representatives, who take notes and tag it. The liver of the "soupfin" is of great medical value, and efforts are being made to conserve this type of shark. Other types of sharks which can be caught and may be kept by the anglers are "Leopard," "Smooth - hound," "Dogfish" and "Six-gill."

Complete fishing supplies will be provided at Coyote Point harbor on the day of the event.

HIGH SCHOOL JR. TEAM SCORES; LINCOLN DEFEATS COLMA BOYS

By Erle Johnson

The high school junior baseball team won another game Tuesday to continue their winning streak.

The victims of the latest game were Murphy's Panthers. After a 6-4 lead in the fifth inning the Panthers fell apart and allowed the victors to pass them and go ahead to win the game 7-6. Armstrong gave up 5 hits to the high school while Maynard did the same for Murph's team. Murphy was the top man for his team in the hitting department, he collected a total of three hits and Monson took the top spot for his team with two hits.

This week the Junior baseball league will be played at Marchbanks Park, so please inform all of your teammates. Mr. Orlich will be in charge of the games and a new schedule will be followed. The high school team has won the first half of the league play and will be the city champions unless some of you boys on the other teams get together and give them some good stiff opposition.

Teen-Age Softball

Monday night, July 24, the Lincoln Playground team defeated the Colma Boys Club team by the score of 8-7 in a very good contest.

The game was close from beginning to end and was not decided until the last inning when Jack Wilson came in to score the winning run. The game was one for the batters, because there wasn't one strike-out in the entire game. The winners collected 14 hits and the losers got 13.

This Monday night Lincoln will play Marchbanks and Colma Boys Club will play the Colma Hog Growers Association, both of these games should be very good.

Duck Bag Verdict Still Pending

California duck hunters will wait several weeks longer than usual before they hear the verdict on this year's waterfowl hunting seasons and bag limits from the Nation's capital.

"If the later information indicates a decline in the crop of wild ducks and geese," Day said, "the regulations can be altered to hold the line. If the news is good, the sportsmen can be given the benefit by a lessening of the restrictions either in the bag limit or length of season."

Cereghino, Lunghi And All Go Down To Defeat Before Northern State Team

Facing defeat for the fourth time in a row, the Northern All-Stars took the short end as the San Francisco All-Star nine scored two runs in the last frame to win 5-3.

It was tough luck as far as the two boys from Daly City went. Cereghino started on the mound for the North, left the game in the eighth inning, but came back in the ninth to see more mound duty.

Don Lunghi played perfect ball and looked like a big leaguer on the field. What was scheduled to be a pitching duel between Dick Hanlon of Lincoln and Ed Cereghino of Daly City turned out to be nothing of the kind.

In the first frame, Hanlon was a bit wild, and filled the bags, but got out of trouble by striking out three in a row. With the score in a 0-0 deadlock for two innings, the North got to Hanlon for three runs in the third.

Lunghi lined a single to left, as did Poole. Cereghino sacrificed runners to third and second. Hanlon chucked one wild pitch to many, and both runners scored. Johnny Stratton walked and stole second and scored on Tommy Munoz' double to left field.

S.F. Gets Two

Hurling shut-out ball for four innings, Cereghino weakened in the fifth to let S.F. score two runs. Without any infield support whatsoever, Cereghino gave up an infield hit to Hanlon, and gave up walks to Penafior and Chesio to fill the bags. Al Barni, after a 2-2 pitch, found Ed's fast ball for a hot single to center field, thus letting two important runs come in.

Cereghino pitched shut-out ball in the sixth and seventh innings. Ron Good came into the game for the North and took his turn on the mound. He gave up one run on one hit.

Starting for the showers, Cereghino was called back into the game in the ninth because Ron Good was hit on the head by a pitched ball in the eighth. Unable to go back on the mound, Cereghino was forced to because each team only allowed two pitchers.

So going back into the game, Cereghino faced a 3-3 deadlock. Up to this time, the North infield looked very weak. Al Chanteloup, from Serra high, failed three times to throw men out at first base. Any good shortstop with a fairly good arm could have made the outs, but Al failed. Don Bournin of Burlingame made a bonehead play to first from third, thus letting a man get on base. The whole North team scored six infield errors.

Getting back to the ball game, Cereghino met his second defeat in the ninth and final frame. After getting two batters down, Ray Chesio got an infield hit off Al Chanteloup's peg to first. Art McBride, who failed to hit through-out the game, hit a long towering

ball above the first base bag. Tommy Munoz had his eyes on it until the last second, thus letting it drop for a single. McBride kept on going for second. Second baseman Stratton threw to second only to overthrow the bag. McBride, still on his feet, slid into third base safe.

With McBride on third, George Zucca's infield hit scored the last tally of the game. It was tough luck for Cereghino. In the eight innings that he worked, Cereghino gave up seven hits. Truthfully speaking, five of the hits should have been outs at first base. He'd five and walked three. The North made six errors and the San Francisco nine made one. Ten thousand fans saw the game.

Al Barni of San Francisco and Johnny Stratton of the North won the trips back east to play in Hearst's Sandlot East-West Game August 23.

A lot of praise was given to Don Lunghi for his fine showing in the game. Lunghi played a nice game in the field. He scored the first North run of the game. As I said before, it was tough luck for the Daly City boys, but they did put on a good showing, which is more than some of the other North players showed.

Marie's Place Is Edged 4 to 2

by Angelo Craviotto

Marie's nine victory string was broken Sunday under the warm summer skies in Redwood City. The team having the honor to do this was the powerful Newman's Club.

Marie's Place crossed the plate first, but only to have it erased by long triples in which one of these came the play of the day. A long ball smashed to Pete Stone who made a running leap, missed the ball and skidded ten feet on the turf. For his great attempt, Redwood City fans stood up and cheered this play of the day.

This ball club has only one problem, a big one, but it could be solved by a little boy. Yep, we need a good bat boy who will keep the bats, balls, etc. in order. This young man will be given free food after a ball game and watched by yours truly. Any capable young man may drop in at Marie's Place at 4:15 p. m. July 29 and be interviewed. Here's your chance, small fry, for a chance to watch and be active on a ball club. See you this Saturday if you are interested, at 6005 Mission street, Daly City.

Nevada has produced vast quantities of gold, silver, lead, copper, zinc, quicksilver and tungsten.

No Vet Check? Ask Why

When a compensation or pension check or some other type of veterans benefit payments fails to arrive on schedule, it's a good idea to ask "why?" before sitting down to write a complaining letter, veterans and veterans' dependents in San Mateo county are advised by Floyd D. Granger, veterans service officer.

The best place to ask "why," he adds, is at his office at the courthouse, Redwood City.

It is important to report promptly the failure of a scheduled payment to arrive, Granger points

County Blood Bank Resumes War-Time Military Donations

The San Mateo County Blood Bank, recently alerted by the California Medical Association's Blood Bank Committee to be prepared for war-time resumption of supplying blood to military hospitals, has sounded a call for blood donors.

Additional blood procurement from volunteer donors will become a must if the local County Bank is to take on any additional responsibilities, according to Mrs. Paul

out. But it is just as important to know where it should be sent and what information the report should contain. In some cases, the use of the proper official form is the easiest solution to the problem.

Mr. Granger has a supply of all appropriate forms on hand, and is also prepared to direct the inquiry to the proper office of the governmental agency concerned.

Hanzlik, executive secretary.

For some weeks the Blood Bank officials have become apprehensive, it became known today, over the close balance between supply and demand for peace-time purposes.

Despite the fact that each year sees more and more men and women volunteering as blood donors, some of them even giving a total of two gallons of blood each during the eight years since the founding of the Blood Bank, the reserve supply of blood keeps steadily dwindling there. This is due to demands outstripping supply, a situation brought about by the ever-growing use of blood transfusions for illnesses as well as for replacement of blood lost in injury accidents.

During the month just closed, 359 men and women gave a pint each. However, withdrawals came within seven pints of the total given. This, it is pointed out, is a seriously close balance, making it difficult to keep on hand a reserve supply for use in case of a citywide or countywide disaster, or for that matter, in case of any kind of military demand.

Five Injured In Sunday Wreck

Five San Francisco and Oakland residents suffered minor injuries in a truck-car accident at the corner of Junipero Serra and School street Sunday afternoon.

All of the injured were treated at Junipero Serra hospital and released. Those bruised and cut included: Goldie Speyer, 53; Ester Vengis, 45, both of San Francisco; Hanna Davis, 51, and Sam Speyer, both of Oakland. The four were riding in a car driven by Hyman Davis, 58, of Oakland.

Bill Hay, 32, of San Francisco was injured as he was thrown against the dashboard of a panel truck driven by Charles A. Jones, 23, of San Francisco.

The two vehicles collided as Jones was coming north on Junipero Serra and Davis negotiated a turn into School street as he came south on Junipero Serra. Both vehicles were "badly damaged," police said.

Mrs. Hansen Chosen District President

Mrs. August Hansen, 54 Acton street, recently received the honor of being elected president of the Twenty-sixth district Auxiliary.

The member of Daly City Unit No. 410 Auxiliary American Legion was elected at a meeting of the district in Redwood City.

Presently she is a member of the Board of executives of the Daly City unit and for the past years has been an active member of that organization.

pero Serra and Davis negotiated a turn into School street as he came south on Junipero Serra. Both vehicles were "badly damaged," police said.

 County's Fair
 Slated Next Month**

Cheerful Farmer, symbol of Santa Clara county's famous friendly fair, is inviting all his Daly City friends, new and old, to visit him at the San Jose Tully Road fairgrounds September 11-17 when the finest in livestock, poultry, domestic arts, produce and commercial products go on display. Plenty of fun and excitement is in store for the estimated 200,000 persons who will attend the 1950 fair. Manager Russell E. Pettit feels this year's attendance will surpass by far the 1949 total of 174,687, with everything guaranteed "bigger and better."

Crews are putting finishing touches on the \$500,000 grandstand which will seat a capacity crowd of approximately 5300. Tops in comfort and entertainment is assured with installation of steel framework for the new moveable stage to be completed next month. Outstanding acts will be presented on stage, plus sulky and quarter-horse racing events for track enthusiasts. The track infield is being landscaped around two ponds, with a special half-mile track being laid out in the infield. Holding pens and chutes will be ready for horse shows and rodeos, adding to the thrills and excitement of fair-time activities.

One of the most popular exhibits this year will be the irrigation pump display, demonstrating different types and sizes of water pumps. A reinforced concrete tank, twin to one installed last year, has doubled space for the waterworks. Each tank measures 12x20x8 feet, with a six-inch connecting pipe between them to maintain equal water levels. A sturdy safety railing has been installed to discourage potential swimmers lured by cool spray on a warm September day.

The hushed atmosphere of the art exhibit proves a favorite with fair visitors who find modern abstractions and old-fashioned landscapes competing with photographic masterpieces. Entries this year are expected to exceed exhibition space, as in previous years, necessitating a careful screening to select a representative cross-section of local art-work.

Ever-popular Fairview trains will puff along, giving patrons a maximum view of the fair with a minimum of effort. Youngsters and their folks will be enticed by the West Coast Shows Carnival with its gaudy decorations, bright lights and thrill-a-minute rides. Everything from cotton candy and hot dogs to kiddie cars and souvenirs will be waiting to make every visit a happy one. Come and stay and play all day at the Santa Clara County Fair, September 11-17.

Making Soap

Mild soap may be made from only three ingredients, fat, water and lye. If hard fat, such as beef or mutton, is used, the proportion is six pounds of fat, six cups of water, and one can of lye. If a soft fat such as lard or bacon fat is used, use the same amounts of fat and lye, but reduce the water to four cups. The soap may be made stronger by adding one and one-half tablespoons of borax and one-half cup of ammonia.

Food Storage

Light fades the colors of canned food making it less attractive and decreasing the vitamin content, specialists of the Agricultural Extension service point out. If foods are stored on light shelves an old window shade can be put in front of them to keep the light out. The shade can be raised or lowered to get supplies.

Atomic Energy for Railroads

Atomic scientists tell us that the energy released by splitting the atom will be harnessed for use by the railroads. This may not become practical for another 50 years, but it is certain that atomic energy will be playing a vital role in the transportation of people and goods in 2048.

WE MAKE SERVICE A SCIENCE

**SLOW DOWN AND
 SEE MORE CLEARLY**

At fifty miles per hour a driver sees fourteen per cent less than he does at forty-five miles per hour, according to the National Automobile Club. At higher speeds he sees less clearly and his eyes tire more easily. The driver who would see more and drive more safely, slows down.

Always make clear arm signals when turning or stopping, advises the National Automobile Club.

There are 8,000 highland lakes in California.

BUILDS TIRE TEMPERATURE

Excessive speed when negotiating sharp curves makes the tires "work" rapidly, thus building up temperature, points out the National Automobile Club. The factor of safety is thereby reduced and blowout hazards increased.

CLUB OPENS NEW OFFICE

National Automobile Club has just opened a new district office at 2191 South El Camino Real in San Mateo. Located at the geographical center of San Mateo county and on U. S. Highway 101, the new office is fully equipped and staffed to serve local residents or tourists.

State Highways Division Has New Offices

The State Division of Highways, Department of Public Works, State of California, has recently completed a modern office building to serve all activities of District IV, embracing the nine Bay counties, namely: San Francisco, Alameda, Contra Costa, Napa, Sonoma, Marin, San Mateo, Santa Clara and Santa Cruz.

This building, fronting on Oak street, is located near the San Francisco Civic Center, on an entire block of property bounded by Oak, Franklin, Gough and Hickory streets.

Informal dedicatory ceremonies were held July 20 with C. H. Purcell, director of the State Department of Public Works, presiding.

The building is a five-story reinforced structure with a full basement and a penthouse, the latter housing all the building operating machinery. It was designed in the shape of a rectangular Z to provide the maximum of natural light in the large drafting room spaces. Floor space in the amount of 120,000 square feet is provided.

Construction was inaugurated September 15, 1948, when the piles and foundations were started, the general and related contracts getting underway December 9, 1948. The building contracts totaled \$1,700,000. The cost of the building site was approximately \$216,000.

The office building presently houses 365 men and women engaged in administration, accounting, design, traffic, and other departments of District IV, as well as offices for the Highway commissioners, a hearing room for Highway commission meetings, and an office for the director of public works and the State Highway engineer. It is the headquarters office for 920 persons engaged in the construction, maintenance and administration of the State Highway system which includes 1298 miles of State highway in nine counties of the Bay area. In the current construction and maintenance program in District IV there are 38 separate and going contracts.

State To Acquire Butano Forest

Moving to acquire San Mateo county's Butano forest for a park, the state this week opened negotiations for purchase of 1,680 acres of the virgin Redwood forest.

The California State Park commission has earmarked \$600,000 for purchase of the land for the past two years. The state will purchase the land under a state act providing for buying of county land on a matching fund basis.

Present owner of the forest land is the Pacific Lumber company and the company has shown willingness to negotiate for the sale of the acreage.

Assembly Of God Church To Open Boys Club

Beginning Monday, August 14, the Daly City Assembly of God will open a boys club in the basement of their church, corner of Evergreen and Hanover streets in Daly City.

The club will be under the direction of Nick Horton, master airplane mechanic. The main hobby of the club will be the construction of model gasoline airplanes. The boys will be trained in how to make and fly the models. Also instruction will be given in making train, truck, and boat models.

Among the many items needed by donation are: balsa wood, model airplane kits, train kits, car and truck kits, etc. Old and new saws and power equipment, used lumber, nails, hinges, wire, electrical parts, electric motors, bolts, nuts, screws, soldering irons, radio parts and sets.

If anyone would like to donate toward this project please call Rev. Melvin Steward, pastor of the Assembly of God, Plaza 5-6654, or Nick Horton, director of the club at JU 8-7453.

Also any kind of old furniture donated will be renovated and sold to help with purchasing equipment. Old toys will also be taken and rebuilt for Christmas gifts for needy children.

Navy Offers TV Course

A 42-week course in operation and maintenance of electronics equipment including television and radar in San Mateo and Redwood City.

The course is given at the Navy Electronics School at Treasure Island, San Francisco. Young men may, without obligation, take the physical and mental tests required to determine if they are qualified for this course. This electronics course is one of many offered to young men under the Navy's "Choose Your School Before You Join Plan."

Further information in the electronics school may be gained by phoning or visiting the Navy recruiting station at the Post Office building in San Mateo, and the Redwood City courthouse recruiting station. The San Mateo office is open Saturday and Sunday, and the Redwood City office is open till noon on Saturday.

Agriculture
To Be Highlighted
At SM County Fair

With more than 100,000 acres devoted to agriculture in San Mateo county, the 16th annual Fair and Floral Fiesta which opens September 8 at San Mateo will focus attention on the \$16,113,000 annual crops from this industry.

One third of this annual output is derived from flowers, one third from vegetables and one third from field crops and livestock, according to Frank Siri, president of the San Mateo County Farm Bureau.

Further emphasis on the importance of this industry will be brought out Sunday when the second annual San Mateo Farm Bureau Picnic is held at Memorial Park with C. O. Hooper, vice president of the California Farm Bureau Federation as the main speaker.

Commercial growers of vegetables will have cash awards for their winning exhibits at the fair according to the premium list just released. Included will be vegetables and seasoning plants, the "one family farm," grain, dry beans and peas, field and garden seeds.

Deciduous fruits, fresh, packaged and dried, as well as nuts produced commercially in San Mateo county will be open for cash awards at the fair.

On the other hand there will be numerous awards for amateurs who grow produce for their own consumption, according to Max Leonard superintendent of this division for the fair association. Mrs. L. Dahlgren of South San Francisco, chairman of the home economics department has scheduled premiums for canned fruit, meat, vegetable, jam and jelly exhibits, while Lester Allen of San Mateo lists premiums for bee and honey workers. In the junior division there will be awards to the Future Farmers of America and the 4-H Club members for farm exhibits.

Spring is Just Around the Corner

Jon Whitcomb, whose "Whitcomb Girl" paintings are world famous, does not limit his artistic abilities to canvas. His expert knowledge of composition and color is reflected in his home and gardens. The illustration is shown with the gardener at his combination studio-home planning his

flower gardens. The flowers will not only decorate his home, but they will function as props for his paintings. During March and April, Jon Whitcomb will conduct a nationwide search, through local jewelers and store all over the country, for new faces for his illustrations.

Conservation Board State Has Record
Approves Acreage
For Waterfowl

A long-delayed plan to acquire additional acreage for the State's Grey Lodge waterfowl management area near Gridley has been approved by the Wildlife Conservation Board.

The three-man board at its July meeting in San Francisco authorized an additional expenditure of \$73,625, making possible the purchase of 3,734 acres adjoining the refuge. The land was voluntarily offered for sale by local owners.

Board Consultant Seth Gordon reported the refuge enlargement will allow the Division of Fish and Game to develop badly needed waterfowl feeding and resting grounds and a public shooting area. He predicted lessened duck depredations on local crops as a result of the Grey Lodge addition.

Board members agreed to withdraw funds for a proposed upland game hunting project in Inyo county because of opposition from local land users. The City of Los Angeles refused to allow the use of city-owned land in the Owens Valley without consent of lease holders in the area.

From its original nine-million-dollar share of State pari-mutuel proceeds, the Board approved a \$67,500 expenditure for construction of a bridge over Montezuma Slough to the newly-acquired Delta waterfowl management area on Grizzly Island. Half the cost will be paid by the County of Solano.

In other actions, the Board and members of the Joint Legislative Fish and Game Committee: Deferred action pertaining to the Iron Gate regulatory dam on the Klamath River, pending outcome of the State's suit filed against the California-Oregon Power Company.

Planned to withdraw funds for the Coachella Valley public fishing area in Riverside county unless the required lease agreements can be concluded before August 1.

Approved an alternate tract of land for the \$621,000 Madera waterfowl management area.

X-Ray Diagnosis

As an aid in diagnosis, X-rays provide two different methods of examination. One is known as radiography, whereby a permanent record of the X-ray image of various parts of the body is made on the film. The other method is known as fluoroscopy, which affords a means of visual study of the X-ray shadowed on a fluorescent screen. An X-ray film, or radiograph, of any part of the body is similar to a photograph except that it is fundamentally a shadowgraph rather than a picture produced by reflected light.

Devised Spectacles

Spectacles were first devised about 1285 by Salvino Armati, a young nobleman of Florence, Italy. Some investigators have asserted that he was assisted in his work by Alessandro Spina, a Dominican monk of Pisa. However, the monastery archives declare that Spina learned from another the art of making spectacles.

Johnson Smeared Congress In 1866, President Andrew Johnson said: "We have seen hanging upon the verge of the government, as it were, a body called, or which assumes to be, the congress of the United States." The people responded to this smear by electing a strong anti-Johnson congress, which two years later brought impeachment proceedings against the President.

State Has Record
High Employment

Reports today indicate that during June there were more people employed in California than any month in the state's history.

An estimated 4,112,000 persons held jobs in June. Previous high for June was in 1948, with 4,106,000 employed.

The preliminary figures released by the department of employment in Sacramento show that nearly 200,000 workers have been added to state payrolls during the past three months.

The advance in manufacturing employment was concentrated in the heavy goods industries. Important advances were shown in lumber, iron and steel, automobiles, aircraft and electrical equipment.

Lime on the Farm

Lime has two main functions on the farm. (1) It corrects the acid and alkaline needs of the soil. (2) It supplies plant food and brings about many secondary effects which affect the growth of plants such as the immobilization of toxic substances and the increase in availability of plant nutrients. The practice of liming was known before the Christian era.

Movement of Birds

It has been claimed that the Persians and Arabs compiled portions of their calendar according to the regular movement of the birds, and the only mysterious part of this natural phenomenon to them was the destination of the flyers. During the earliest years of the Christian era, writers believed that swallows hibernated in hollow trees in the winter.

Commercial Sponges

Many species of sponges cannot be used commercially because of glasslike needles embedded in their tissues. The true commercial sponges, when alive, are of varied colors from yellowish gray to coal black. Most of the work of detaching the dark, liverlike flesh from the valued skeletal network is done by giving it a few days to decompose on lonely island shores near the sponge-harvesting beds.

Barley First Food

In ancient Greece it was traditionally believed that barley was the first form of food given to mankind by the gods, and most botanists and geologists seem to agree that barley was one of the first plants to be cultivated. In the valley of the Tigris and Euphrates and the Nile ancient straw-lined barley storage pits have been found by archeologists who have dated them tentatively about 20,000 years of age.

Save the Flakiness

There's a trick to re-rolling or storing pastry that can mean the difference between flaky pastry and that which is not. Instead of wadding the pastry scraps up into a ball before storing or rolling, stack them neatly, piece on piece. In this way the flaky structure is preserved rather than destroyed.

If Birds Quit Laying

Although a positive diagnosis of Newcastle disease can be made only by laboratory tests, there is plenty of reason to suspect this deadly if egg production in a flock dips sharply—nearly to zero. A veterinary bulletin points out that a drastic drop in egg production, whether due to Newcastle disease or some other type of trouble, should be a warning for poultrymen to get a prompt diagnosis and start corrective measures at once. If the trouble is actually Newcastle disease, respiratory and nervous symptoms usually will be evident.

Old Fort Scott in San Francisco was designed after Fort Sumter, with 36-foot thick walls. The Colorado River, about 2,000 miles long, is the second longest river in the United States.

ARTISTIC SHOEMAKERS OFFER KIDS A CHANCE TO PAINT FOR PRIZES

Combining a love of art and a respect for children's artistic abilities, the Fine Arts Shoe Service, 6446 Mission, inaugurated a different type of contest this week.

In the Shopping News will be found a full strip advertisement for Messrs. John Kantor and George Rocco, shoe repairmen extraordinary, and owners of the Fine Arts Shoe Service. The ad contains three drawings of well-known characters from the children's classic, "Alice in Wonderland."

To enter the contest, children are asked to color the three characters, and a shoe at the top of the ad. Any kind of coloring can be used, as any variety of color is this up to the child.

When the "painting" job is completed, the contestant is asked to bring his or her finished product to the Fine Arts Shoe Service, 6446 Mission.

Each child will be given a prize, and at the end of the month a

grand winner will be announced. In addition, Messrs. Kantor and Rocco will be happy to give your child free advice on painting and art in general.

There is no "hitch" to this contest. It is offered purely in the spirit of art (although Kantor and Rocco hope it will speed up the purely mundane business of repairing shoes).

The gents are in a position to sponsor such a contest, as both are artists of considerable reputation and ability. Their work can be found hung on the walls of their shop.

"If we had our choice we'd be painters, but we have families that have to eat, and when we're not applying oil to canvases we repair your shoes," Kantor noted.

Incidentally, the shoe repairmen are artists in this field. They can repair your shoes so it is impossible for your friends to tell whether or not you have an old pair of shoes or a new pair.

Poultry Market Now Unsettled

Due to the unsettled conditions, the poultry market is expected to fluctuate, in the immediate future, according to John Incecci, head of the Associated Poultry Co., at 7339 Mission street.

"By and large, the price of fowl will be relative to the that of meat," Mr. Incecci explained. However, he added that poultry will not rise as much as meat.

"Therefore, we believe that many folks will place more chickens on their tables," asserted John. "If you recall, that was the situation during the war years."

Mr. and Mrs. Incecci spent the week end at the Valley of the Moon, the first vacation they have had for 10 years.

County Manager To Receive \$12,000

San Mateo county's new county manager will receive a yearly salary of \$12,000, at least for the first year.

The pay rate was decided at a caucus meeting of the county board of supervisors late last week. The supervisors said if the new manager deserves a raise, it will be decided on his first year's performance.

Presently, the supervisors are seeking a man to fill the position. He is expected to be chosen on, or about December 1.

ACT NOW...

Reserve space now for commercial exhibits at the San Mateo County fair and floral fiesta. There are but a limited number of commercial spaces remaining.

With some \$25,000 now being spent for permanent improvements on the grounds and in the buildings, exhibitors are assured generous lighting and other utilities for their displays.

Remember, this is to be a show long to be remembered by thousands of visitors—floral fairland, agricultural and hobby displays, a free vaudeville show of outstanding talent, horse racing and many other attractions.

Red Cross On Job In Korean War

"The American people, particularly families of men in the armed forces, can be assured that the Red Cross is on the job in Korea and

that many volunteers are already at work here at home," General George C. Marshall, president of the National Red Cross, said today.

Four Californians are among Red Cross workers already in Korea or en route to serve with the troops there. These are the contacts which enable local Home Service Departments of Red Cross to form an effective link between men in service and their families at home.

The present war situation has already stepped up activity of the San Mateo County Chapter's Home Service Department, according to J. Ed. McClellan, Home Service chairman. Two weeks ago there was a radio newscast stating Marines were leaving Camp Pendleton for the war zone. Before the program was over, a call came in to Mrs. Constance Cunningham, Home Service director, from a local woman who had not heard from her son for two weeks. She was frantic. Had Johnny left? Before the evening was over, through the field director at Camp Pendleton, arrangements were made to have the boy, who was still in the United States, talk to his mother by telephone.

A Navy enlisted man was sent out on short notice, leaving his wife and three children with absolutely no money. Red Cross advanced a loan to tide her over until arrangements could be made for her to receive her allotment. Every day brings new problems and responsibilities and Red Cross is ready and willing to help.

Golden Gate Aerie Foe Picnic Slated For Next Sunday

Golden Gate Aerie No. 61, Fraternal Order of Eagles invites members and friends to their 50th annual picnic at Skipper's Park, near Woodside in San Mateo county, on Sunday, July 30.

One of the features of the day is the selection of "Miss Personality of San Francisco" from among San Francisco nurses. Selection and crowning will be under the supervision of leading San Francisco doctors, dentists and city and state officials. Many beautiful prizes will be awarded the lucky nurse who wins the contest.

Other activities sponsored by the committee are dancing, races for young and old, games, bowling and baseball. Three television sets will be awarded.

Greyhound buses leave Market and South Van Ness avenue at 10 a.m. and 10:30 a.m. Over 2,000 picnickers are expected. President Maurice Borden has appointed a large and active committee to plan events, procure prizes and carry out the games.

The executive committee consists of George A. Duddy, Harold R. Welch, Charles Zimmerman, Arnold Hlog, Arthur J. Barrett Jr., Joseph Timmins, Joseph M. Taillefer Sr., Frank Tommasoni, Ben E. Johnson, Edward J. Palmer, Patrick Henry, Ernest Thierien, George W. Brown, John Mack.

COME TO THE STATE FAIR

Pretty Billie Walsh hovers over a replica of the 500 pound cake which will be served to fairgoers at a special birthday party at the Open Air Theatre, 2:30 p. m., September 9, Admission Day. The Fair, from August 31 through September 10, is staging a gala celebration in honor of California's 100th birthday as a state.

Bay Area Building Hits Post War High

During May 3,110 new dwellings were started in the Bay area for a post-war record, the U.S. Bureau of Labor Statistics reported today.

One-family units dominated the local picture, with almost 90 per cent of all units started during the month of this type. Units of two or more family structures, actually declined, accounting for 350 units, as compared to the 470 started in April.

Nationally, May and June were the greatest months in house construction history, with an estimated 140,000 units started in May and 142,000 units in June.

Bass and bluegill fish are more prolific than trout.

The highest temperature ever recorded in San Francisco was 101 degrees.

Mart Celebrates 35th Year In SF

More than 10,000 home-goods buyers from 22 Western States are attending the Western Merchandise Mart's giant Summer Market, in celebration of its 35th year of business, this week.

The City and County of San Francisco, the Chamber of Commerce, and visiting buyers have joined in saluting the city's famed Merchandise Mart on the occasion of its anniversary.

This year's Summer Market emphasizes the growing dominance of contemporary style trends in home goods, and embraces all branches of the industry. Exhibits being shown include furniture, floor coverings, fabrics, domestics and linens, as well as radio-television and appliances, giftwares, housewares, toys and juvenile goods.

A 20-page brochure, "The City of San Francisco - Market City of the West," was prepared for presentation to Western buyers in advance of the show. A souvenir edition of the Mart Buyers Book and Directory was distributed to visitors as they registered at the Mart.

SPORTSMEN'S CALENDAR

*The Division of Fish and Game reminds California sportsmen of the following general regulations which apply to current hunting and fishing.

DEER - August 7 to September 15 in central and south coastal areas. Bag limit: two bucks. September 16 to October 15 in Sierra, north coastal, and Modoc-Lassen areas. Bag limit: two bucks in north coastal area; one buck elsewhere; no forked horns in north-eastern California section.

TROUT - Ends October 31. Bag limit: 15 trout, salmon, or Rocky mountain whitefish, but not more than 10 pounds and one fish. Local exceptions.

BLACK BASS, SUNFISH, CRAPPIE, SACRAMENTO PERCH - Ends February 28 in northern California. No closed season elsewhere. Bag limits: 5 black bass, 25 sunfish, crappie, perch. Local exceptions. No size limits.

OCEAN FISH - No closed season on the following species (bag limit included): 15 rockfish; 2 marlin; 2 black sea bass; 3 salmon; 2 broadbill swordfish; 10 tuna, crocker, skipjack, albacore, barracuda, yellowtail, white sea bass, bonito, rock bass kelp bass, corbina, halibut, ling cod and cabezone. No limit other species.

FROGS - Ends November 30. Bag limit: 24 per day, 48 per week. Size limit: none under four inches from tip of nose to crotch. No license required.

Child Care Tip Here's a solution to the old problem of keeping a youngster covered at night: Sew two of his largest crib blankets together on both sides and at one end, forming a sleeping bag. Tuck baby in the cover first, then put on the other covers. If he kicks off the covers, he still has the protection of his sleeping bag.

For An Onion Flavor Next time you are making sandwiches, slip the knife with which you are slicing tomatoes into an onion several times while slicing each tomato. This will give a delicate onion flavor, but the onion taste will not be strong enough to be unpleasant.
